Chapter 3752

“Even if I can save my life, it’s worth it!”

David didn’t care how long the folding fan could be used!

David followed Shen Jizi and left. As his feet shook, the surrounding scenery changed instantly!

They have already come out of that space market!

Originally Shenjizi was afraid that Mu Yao would be waiting for David outside, but when they came out, they didn’t see Mu Yao!

“Fortunately, this guy is just talking!”

Shen Jizi secretly breathed a sigh of relief!

“Let’s go, follow me to Snow Creek Valley. I’ve already given you the money.”

David asked the magic machine!

“No problem. After leaving Nanjing City, keep walking eastward. The Snow Valley is at the foot of Tianmo Mountain.”

Shen Jizi nodded and said!

David and Shen Jizi flew up and headed towards the Snow Valley!

But as soon as he flew out of Nanjing City, David frowned!

“What’s wrong?” Shen Jizi asked!

“We are being followed!”

David said!

“What? Who is following him? Is he from the Mu family?”

Shen Jizi panicked!

“I don’t know yet, just move forward and don’t worry!”

David only felt that he felt like he was being spied on, and he didn’t know the other party’s identity at all!

“We’d better go back. If we’re in Nanjing City, the Mu family probably won’t dare to do anything.”

Shen Jizi was afraid and wanted to go back!

“Go back and fuck the chicken feathers...”

David grabbed Shen Jizi’s shoulders, and then used the fire control step. The two people’s figures disappeared instantly, and then appeared in the distance!

The speed of the two people increased a lot, as if they were jumping in space!

Mu Yao, who was following them, was dumbfounded when he saw the speed of David and Shen Jizi!

“Damn it, you’re only at the third level of Tribulation Realm, how can you run so fast?”

Mu Yao held his breath and concentrated, desperately starting to catch up!

At this time, Shen Jizi’s face turned pale. He didn’t know that David would be so fast. He was several miles away in the blink of an eye!

Soon, David and the others arrived at the foot of Tianmo Mountain. Everything here was covered with snow and the wind was howling!

After falling to the ground, David pulled the magic machine to hide his figure!

At the same time, David’s spiritual consciousness suddenly spread out, and David’s spiritual consciousness was within the detection range for several miles!

It’s a pity that David’s spiritual consciousness didn’t detect anything!

“Don’t you want to follow?”

David frowned slightly!

In fact, it wasn't that Mu Yao stopped following, but that David was too fast and couldn't keep up!

Mu Yao was panting now, chasing after him!

While chasing him, he cursed, "Damn, did they use some kind of aircraft? It's too fast!"

Just as Mu Yao was cursing, a figure suddenly rushed towards him!

It turned out to be David. He discovered Mu Yao and wanted to strike first!

Mu Yao was too distracted by the chase, so he didn't immediately discover David and the others who were hiding!

Seeing David, a third-level monk in the Tribulation Realm, taking the initiative to attack a ninth-level monk in the Tribulation Realm, Shen Jizi was stunned!

David slapped it with a palm, causing Mu Yao to react instantly, and flames burst out from his body!

David's palm was not afraid of the flames at all, and he slapped Mu Yao's shoulder with one palm!

Mu Yao's body fell to the ground, his eyes filled with disbelief!

"Aren't you afraid of my flames?"

Mu Yao couldn't believe it. He was just a third-level monk in the Tribulation Realm. How could he not be afraid of his own flames?

David actually penetrated his own flames and was unscathed!

"With your little flame, I'm afraid you can't even burn a chicken to death!"

David said with a sneer!

"Boy, you're looking for death!"

Mu Yao jumped up, then waved his palms, and instantly hundreds of flames came densely toward David!

When David saw this, he quickly retreated, and hundreds of flames instantly formed an encirclement, blasting towards David like cannonballs!

Chapter 3753

David used the Fire Control Step and kept dodging the attacks!

David's body disappeared and appeared, causing all Mu Yao's attacks to fail!

Mu Yao looked at the two balls of fire at David's feet and frowned!

"What kind of skill are you doing?"

Mu Yao didn't understand, how could David be able to move instantly with just two balls of flame!

"Whatever you care about, isn't your Mu family famous for its fire-based skills? Then keep trying, I'm not afraid of fire!" Chen

Ping smiled coldly, with disdain in his eyes !

Mu Yao was so angry that he was a ninth-level monk in the Tribulation Realm, but he didn't want to be fooled by David, a third-level Tribulation Realm master. Fortunately, this was not Nanjing City and not many people saw it, otherwise he would have embarrassed the Mu family. !

"Boy, I'm going to let you see the Mu family's real fire-based skills today!"

Mu Yao roared, and suddenly swung his palms into the air!

Heat waves suddenly gathered in mid-air. The huge heat wave caused the surrounding white snow to melt instantly, revealing the brown land!

Those heat waves kept rolling in mid-air, and then Mu Yao fired a spiritual technique, and the heat waves suddenly burst into violent flames!

The flames roared towards David!

boom!

The flames formed a sea of fire, giving David no chance to escape!

Soon, David was deep in the sea of fire and disappeared!

Mu Yao raised the corner of his mouth, "Fight with me, you are too young..."

When Shen Jizi saw this, he was also dumbfounded. He sat down on the ground and watched David being buried in the sea of fire, feeling very nervous!

David is dead, will Mu Yao target him next?

Shenjizi is worried about his own fate!

He wanted to run away, but his legs wouldn't obey him at all!

"This kid is so tough. He was burned in this sea of fire for so long and didn't even scream!"

Mu Yao couldn't help but said without hearing David's screams!

But soon, Mu Yao was dumbfounded because he found out Now, the sea of fire that stretches for several miles is actually decreasing at a speed visible to the naked eye!

David's figure gradually appeared, and David's whole body was covered in flames. The flames in the sea of fire were gathering towards David!

It's like David is absorbing these flames!

"What...what's happening?"

Mu Yao's face changed drastically!

Shenjizi also opened his eyes wide, looking in disbelief!

After a while, the sea of fire disappeared, and David looked like he was enjoying it!

"Thank you for your fierce flames, which made my original stars a little brighter!"

David said with a faint smile!

“Original stars? Don’t you understand the origin of fire?”

Mu Kui was shocked!

“Not bad!”

David opened his hand, and the source of fire exploded, with a ball of flame beating in the palm of his hand!

The aura emitted by this flame is much stronger than that of Mu Yao!

Just this small ball of flame, the heat wave that burst out, made the rocks on the ground start to burn!

“No wonder you, a small third-level monk in the Tribulation Realm, dare to challenge me. It turns out that you have understood the origin of the fire element...”

Mu Yao gritted his teeth, his face full of anger!

If he was not practicing fire-based skills, David would definitely be scared by his ability to reach the ninth level of Tribulation Realm!

It’s a pity that he is a fire-based martial artist, but David has realized the origin of fire and is not afraid of flames at all!

In this case, although Mu Yao has a high level and strong strength, there is nothing he can do against David for a while!

“Boy, just wait. Our Mu family has more than just fire-based skills. I will kill you sooner or later!” After

Mu Yao said that, he turned around and jumped up, ready to leave!

“You want to leave, do you have my permission?”

The ball of fire in David’s hand was instantly thrown towards Mu Yao!

Seeing this, Mu Yao waved his hand lightly, and a flame shield appeared!

But David’s ball of fire easily passed through the flame shield and hit Mu Yao!

Chapter 3754

Mu Yao stumbled in mid-air and almost fell!

Although he was not seriously injured, his clothes were on fire!

Mu Yao was extinguishing the flames on his body while running away, looking extremely embarrassed!

Looking at Mu Yao escaping, Shen Jizi was dumbfounded.

Originally he was thinking about how to escape, but he didn't expect David, a third-level Tribulation Realm master, to beat away a ninth-level Tribulation Realm master monk!

If you tell this, others will definitely take it as a joke!

But it's true!

David didn't chase Mu Yao. He was going to Snow Creek Valley to help Demon Lord Chiyun find the remains!

"Okay, don't be stunned, let's go to Snow Creek Valley to have a look!"

Looking at the dumbfounded Shen Jizi, David said with a smile!

"Okay, okay..."

Shenjizi nodded repeatedly. He didn't dare to be offended in the slightest now!

If David offended him, David would probably crush him to death with one hand!

David followed Shenjizi for another ten minutes and came to a canyon!

The mountains are soaring here and there is snow everywhere!

But in the middle of this canyon, there is a small stream flowing slowly!

You must know that the temperature here is extremely low and there is white snow everywhere. How could a creek suddenly appear?

And the water in this stream is clean and clear, but there are no fish in sight!

Snow Creek Valley is also very quiet. There are no monsters in sight, only some small animals occasionally appear and drink water by the stream!

“This is Snow Creek Valley. This name is also named after this stream that keeps flowing.” “

No matter how low the temperature here is, this stream will never freeze. It's very magical.”

Shenjizi followed David . Said!

David bent down and touched his hand in the stream. It was warm.

“I didn't expect there to be a hot spring here. The hot spring water comes up from the ground, so of course it won't freeze.”

David stood up and said calmly!

There is no reason for hot springs to freeze!

“This is not a hot spring, nor does it come up from the ground. These are formed after the snow melts.”

Shen Jizi said!

“It is formed by melting snow? Then how can this stream be warm? Is there a fire in the center of the earth here?”

David didn't understand, how could the snow melt!

Unless there is a fire in the core of the earth here, in this case, the ground temperature will be high and the snow will melt!

But if it is the fire in the center of the earth, then it is not this small stream. I am afraid that the snow here will melt, and it will be a flash flood!

David took the magic machine with him and went upstream along the stream!

He wanted to see where the source of this stream was!

“Boy, there must be my remains here, I can feel it!”

Just as David was leading Shenjizi all the way deeper into the Snow Valley, Demon Lord Chiyun suddenly spoke!

When David heard this, he was immediately overjoyed!

If all the remains of Demon Lord Chiyun can be found here, then Demon Lord Chiyun can be reborn!

Following the creek, all the way forward, when he reached the end of the creek, David saw that the snow that was constantly rolling down from the mountain would melt when it reached this place and turn into a slowly flowing stream!

There is no hot spring water coming out here, it all comes from melting snow!

Where the snow melted, the stones on the ground turned a brownish red color, as if they had been burned!

David reached out and touched the stone on the ground, and it turned out to be very hot!

“What on earth is going on? Is there something buried here?”

David stared at the area without snow and frowned!

“This is it, my bones should be here!”

Demon Lord Chiyun’s voice sounded again!

Listening to Demon Lord Chiyun’s words, David took out his Dragon-Slaying Sword and decided to blast away the rocks on the ground to see what was underneath!

“Get out of the way, there must be something underground, otherwise it wouldn’t be like this.”

David asked Shen Jizi to get out of the way, and then he held the dragon-slaying sword and slashed hard at the stone!

## Chapter 3755

boom!

The stone shattered instantly, forming a big pit right here!

But as the stone shattered, waves of black energy rose into the sky. Among these black energy, there were countless light spots flickering!

These black energies gather into the figure of an adult, exuding hundreds of auras!

“Who is this guy? Why did he appear suddenly?”

David was startled and quickly backed away!

Shen Jizi was shocked when he saw this scene. None of them had ever thought about how there could be such a thing underground!

“This is brain-eating Gu. There must be skulls buried in this place, otherwise there wouldn't be so many brain-eating Gu.”

Demon Lord Chiyun said to David!

“Brain-eating Gu?” David looked confused. He had never heard of these things, let alone the millions of dead monks in the heaven and human world. I saw something like this in someone's skull after death!

Demon Lord Chiyun saw David's doubts, so he said, “This brain-eating Gu can only be produced when I have such strength. It seems that what is buried here must be my skull.” “

Then I will use the torch to hold these. The brain-eating Gu will be burned to death, and then I will take out your skull!”

David said, a ball of flame burning in his palm!

“You must kill all the brain-eating Gu with one hit. If you leave one behind, it will enter your brain without your knowledge and kill you instantly.” Demon

Lord Chiyun said to him . As David warned!

At this moment, David panicked a little and didn't dare to use the ultimate fire in his hand!

Seeing the countless light spots flashing in front of him, David was not sure that he could kill all these brain-eating Gus at once!

“Use your strongest blow, otherwise no one will survive!”

Demon Lord Chiyun said.

David thought for a while, and then he opened his hand, and the God King's Bow appeared in his hand. Now there was only the God Machine. David used the God King's Bow, and he didn't necessarily know what it was!

Only by using the God King's Bow, in conjunction with the fire element in the body, can it be emitted. Only with extreme fire can David achieve his strongest attack!

If this still fails to kill these brain-eating Gu, then you will have no choice but to admit it is bad luck!

As soon as the God King's bow appeared, it burst into flames!

The surrounding temperature increased sharply, and the snow melted instantly, turning into more streams flowing!

The water rushed through David's legs, but David remained motionless, staring at the brain-eating Gu in front of him!

Not far away, Shen Jizi looked at everything in front of him with an indescribably complicated expression!

He didn't know the God King's Bow, but he could see that the bow David took out was definitely not an ordinary bow!

He was really curious about David's identity. What kind of family prince was he who could have endless money and carry so many magical weapons?

The flames rose on the God King's bow, and David pulled the bowstring!

Suddenly, countless spiritual energies gathered around him, and finally condensed into an arrow on the God King's bow. With the blessing of David's fire element, this arrow also burned with flames!

This arrow was filled with a manic aura. Even Shen Jizi, who was hiding aside, fell to the ground involuntarily after feeling the aura!

“What a terrifying aura. Even a ninth-level monk in the Tribulation Realm cannot stop this aura, right?”

Shen Jizi sighed with his mouth wide open!

Whoosh!

As soon as David let go, the arrow feathers went straight towards those brain-eating Gus with blazing flames!

The void twisted for a while, and a black hole appeared in mid-air!

This arrow actually opened a rift in time and space!

boom!

The arrow feathers exploded in front of the countless brain-eating Gus, and the terrifying fire instantly enveloped these brain-eating Gus!

In an instant, these countless brain-eating Gu turned into ashes under the ultimate fire!

The cracks in time and space slowly closed under the explosion!

“It’s too scary...”

Shenjizi swallowed, and the breath on his body kept trembling!
