An Understated Dominance by Marina Vittori Chapter 2236

Chapter 2236

Big scenes like this are very rare.

“This martial arts competition is really full of masters and crowns!”

Xu Yang looked around, looking very energetic: “Look over there, they are all female disciples of the Yuanyang Sect. They are all as beautiful as flowers and have great strength.”

“There are also the bald monks over there. They are all warrior monks from the Vajra Temple. They are proficient in the seventy-two secrets of Shaolin. In a fight, one can fight a hundred, no problem at all!”

“Xibian! Have you seen those people on the west side? They are all disciples of the mysterious sword sect. Although they all have five shortcomings and three shortcomings, their cultivation is extremely strong. And I heard that they are also proficient in the legendary imperial sword. fencing!”

Xu Yang pointed to the left and right, and kept introducing the various sects.

Especially when he talked about the mysterious sword sect, he was even more excited, as if he had seen something strange in the world.

So that the eyes of Dustin and others were attracted.

There are three disciples of the mysterious sword sect in total.

Two men and one woman, all covered by black robes, wrapped themselves tightly, leaving only a pair of eyes exposed.

“Senior brother, they all have their faces covered, how do you know they are disciples of the mysterious sword sect?” Liu Hongxue was a little curious.

“It’s precisely because he is covering his face that he looks mysterious.” Xu Yang replied.

“Ah? That’s it?” Liu Hongxue was stunned for a moment.

What reason is this? Isn’t that too ridiculous?

“Hahaha... I’m teasing you.”

Xu Yang smiled and shook his head, then explained: “Although I have never seen the disciples of the Mysterious Sword Sect, I know that the swords they carry will have a special lotus mark, and this mark is from the Mysterious Sword Sect.” symbols of.”

“Lotus mark?”

Liu Hongxue squinted and took a closer look, and sure enough, she found that the three people’s sword hilts were all engraved with a white lotus.

And above the lotus, there is a sword hanging upside down.

It looks a little strange.

“Hey, it’s really true!”

Liu Hongxue’s eyes lit up and she asked, “But senior brother, how do you know this?”

“The Sword Sect’s library contains all the news about swords in the world, and the mysterious sword sect is among them, and it is also the focus of attention. If you don’t know, I can only blame you for being idle and not studying hard.” Liu Rushuang said coldly. A word came out.

“Sister, I just joined the sect not long ago, why are you so strict with me?” Liu Hongxue puffed her lips, a little dissatisfied.

“As a disciple of the Sword Sect, there will be an assessment every year. If you fail the assessment, you will be kicked out of the sect. I hope you can understand that cultivation is like sailing against the current. If you don’t advance, you will retreat. Even

if you have good talent, if you continue to be lazy, you will eventually lose sight of everyone.” Liu Rushuang said seriously.

“Okay, okay, I understand. After this martial arts competition, I will practice hard and never be lazy!” Liu Hongxue stretched out three fingers in a gesture of swearing.

“It’s best this way.” Liu Rushuang nodded and said no more.

What she just said was not only to persuade Liu Hongxue, but also a warning to herself.

There are many geniuses in this world, and there are countless people who are better than her and more diligent than her.

She still needs to work harder to improve herself, otherwise, she won’t even be able to see the backs of those top geniuses.
