

Married At First Sight Chapter 3133

Married At First Sight Chapter 3133-Enrique said, "I always feel that Mr. York is not an ordinary person."

Emery said, "Who is not an ordinary person? Who is not a normal person? Can he be a superman?"

Enrique said nothing.

He just felt that Tatum had a noble aura, which was different from ordinary chefs like them.

Emery asked, "Dad, are you going to visit anyone else?"

"Those people are guarding us like thieves and won't go. This time, I've got a hunch that Mr. York will win." Enrique sighed; after all, his skills were inferior to others.

Emery comforted her father: "Dad, the Ormond family has not announced it yet, and it is still unknown who will have the last laugh. Maybe Mr. York will make a mistake when he is nervous during the re-examination."

"No, he may be young, but he exudes maturity and calmness, akin to someone accustomed to wind and rain." Enrique had a very good impression of Tatum, his competitor. His daughter, Emery, thought that, apart from being good-looking, Tatum was really not mature and steady.

However, it was true that the city was deep. Everyone was just there for the same goal. They had met twice, and there would be no intersection in the future.

They didn't have to take Tatum seriously.

Similarly, Tatum would not take them to heart.

Tatum had already packed his things. He only stayed at Ormond's house for one night, so he only brought a change of clothes.

Then he waited for the Ormond family's butler in the rest area on the first floor of the hotel.

The butler didn't keep him waiting for too long. About fifteen minutes later, the butler appeared at the hotel.

Tatum thought someone else was coming to pick him up, but he didn't expect that the butler would come in person in the end.

"Mr. York."

The butler soon saw Tatum, and he strode over.

Tatum stood up with his simple luggage and faced the butler.

"butler."

The butler smiled and said, "I was afraid that others wouldn't recognize Mr. York and pick up the wrong person, so I came here in person. Are Mr. York's things ready? When you're ready, just grab a change of clothes. Then let's go."

Tatum hummed and followed the butler out.

A few minutes later, the butler drove Tatum to the Ormond family's manor in his car.

Along the way, the two of them chatted from time to time.

But they were just talking about insignificant things. Tatum didn't even ask about Elora.

It was not easy to ask.

He asked, but the butler wouldn't answer.

Very defensive.

People in the Ormond family also value privacy.

Everyone who worked in Ormond's family needed to sign a confidentiality agreement, promising not to reveal anything about the owner's family without the owner's consent.

If there is a breach of contract, the liquidated damages for compensation are sky-high for ordinary people.
