

## Married At First Sight

**Married At First Sight Chapter 3141**-Elisa joked, “Demi, do you want to get married? How about I introduce you to your boyfriend? I guarantee that you will live happily for the rest of your life.”

Serenity’s secretary’s name was Demi Hillier. She was a young girl who had graduated from college and had just become Serenity’s secretary.

Demi smiled and declined: “Thank you, Mr. Stone, for your kindness. I have had a boyfriend since I was in college. Our relationship is now stable, and I have no plans to change him for the time being.”

“Where does your boyfriend work?” Elisa gossiped.

“He just joined a small company. I don’t know if he can continue. He said the salary and benefits are not as good as mine.”

Speaking of her boyfriend, Demi’s smile turned a bit sad.

She had a very good relationship with her boyfriend, but when it came to finding a job, her boyfriend always struggled with success and liked to compare with her.

She always felt that his income as a grown man couldn’t be less than that of a little woman like her.

Anything less would be a shame.

But if her boyfriend wanted to be better than her, he was a young man who had just graduated from college like her. He didn’t have much experience or excellent talents. Finding a job that aligns with his major would be ideal.

In order to make a living, it would be great if he could find a job, so why would he dare to despise it?

These days, there is really no shortage of college students, but there is a shortage of good jobs.

The company had good benefits and promising development prospects. It recruited individuals and had many competitors. Her boyfriend wanted to join one of those big groups. Unfortunately, he couldn't compete with others, so in the end, he could only join a small company.

Naturally, the benefits provided by a small company were not as good as those of the company she joined.

Her boss was the oldest young lady in the York family.

The other two bosses also had great backgrounds.

The company's future looked promising. The bosses were serious and stern at work, but they were kind people in private. As long as she worked hard and didn't make mistakes, they would be gentle with her, the new secretary.

Both Elisa and Serenity had prior relationship experience.

They saw Demi's expression and then listened to Demi's simple words about her boyfriend. The two of them exchanged glances, and they both had the idea that Demi would eventually break up with her boyfriend.

"When I first started working, the salary was not high. You have passed the probationary period and performed well, so you can get such a salary. Tell your boyfriend to work hard. As long as you work hard, you can shine in a small company. The longer you work, the higher your income will be."

Serenity said a few words, then picked up her bag and said to the little secretary, "Demi, you go ahead and do your work. I'm going to pick Sonny up. If you need anything, call me."

"Serenity, will you not return to the company after receiving Sonny? Are you going to Jasmine's place?" Elisa asked.

"After receiving Sonny, we will take him first to Brother Duncan's." Sonny wants to see Brother Duncan, and then we will pick up Zachary from work. What, you want to treat our aunt and nephew to dinner?" Serenity asked Elisa with a smile.

Elisa smiled and said, "If I invite you to dinner, you won't go. It's just that I miss Sonny. Otherwise, let's go to eat hot pot in the evening. The weather is cold, so hot pot is the best."

After Serenity thought for a while, she replied, "I don't know if Zachary is free in the evening. "I'll get back to you after I ask him."

Elisa: "See, I can't even agree to my invitation right away."

Serenity smiled. "If we don't go, you and Remy will have a romantic candlelight dinner."

Elisa: "We often have candlelight dinners. Too many times, and it becomes unromantic."

Serenity: "It's full of show-off style; I'm jealous to death. I left, and later Sonny blamed me for leaving too late."
