

## Married At First Sight

**Married At First Sight Chapter 3178**-Although Duncan was rough and had scars on his face, people who didn't know him would think he was scary, but people who worked at Lewis & Co. knew that Duncan was easy to talk to.

Of course, if they step on Duncan's tail, he will bite them. It's not like their heads were caught in the door, so they wouldn't be stupid enough to step on the boss's tail.

Everyone saw Duncan coming and said hello.

The workers in the canteen had already prepared lunch for Duncan, and the food was placed on a table.

Duncan sat down to eat with several senior managers.

While eating and chatting, there were no boss airs at all.

After getting off work, they didn't want to talk about work; they just talked and brag.

Duncan said that after getting off work, you should relax yourself to avoid being too nervous.

Duncan here ate with everyone in the company canteen, while Zachary over there ate with his beloved wife at the Wiltspoon Hotel.

After the meal, the couple would take a lunch break in the presidential suite on the top floor.

After taking a lunch break, they went back to their own companies and worked on their own things.

As soon as Serenity's car drove into the company, the security guard on duty came over and told her, "Ms. Hunt, a person named Miss Du is looking for you." The business manager has already invited Miss Du in."

Miss Du?

After the car parked, Serenity got out of the car and asked the security guard, "Did you ask her which company she was from?"

It seemed that no female compatriot she knew had the surname Du.

Serenity didn't know who was coming or what her purpose was.

The security guard replied, "Ms. Hunt, Miss Du didn't say which company she was from; she just said she wanted to see you. I didn't want to let her in at first, but Ms. Stone happened to be back. Ms. Stone heard that she was here to see Ms. Hunt, so she let her get in."

The security guard whispered again, "Ms. Hunt, Miss Du looks about the same age as you. She is very beautiful and has a very good temperament. She is holding a bag that is similar to the one you usually carry. She seems to have a good background. But Ms. Hunt, she is coming to your door; you have to be careful."

It meant that she might be Serenity's love rival.

Let Serenity be mentally prepared.

Serenity's husband, Zachary, was known as Mr. York in Wiltspoon. Before marriage, many girls admired and secretly fell in love with him.

There were also love rivals who came to Serenity's door and wanted to share Zachary's love with her.

However, those love rivals who took the initiative to come to his door were defeated by Serenity and retaliated against by Zachary, with no good results.

Many girls who once admired Zachary gave up on him when they saw that he was so kind to Serenity and was known to be a doting wife, but it's hard to guarantee that there aren't those who can't let go.

"Well, I understand." Serenity responded and walked towards the office building.

Her vegetable company was not as big as York Corporation. The office building only had two floors. Her and Elisa's offices were located on the first floor.

The two of them had the same idea and were too lazy to take the stairs. So, their office was on the first floor.

Entered the office building, passed the front desk, walked a few steps forward, and then turned to the right. First, there was the secretary's small office, followed by her and Elisa's office.

Jasmine almost never joined the company. She said that she did not need a separate office, so she could share an office with Serenity.

As soon as Secretary saw Serenity, he stood up and walked over quickly, whispering to Serenity, "Ms. Hunt, Miss Du is looking for you in the VIP room."
