Chapter 2751 "Well," Felton sobered.

Leon was formidable and to prevent any accidents, the Western Boss reminded him repeatedly not to cross Leon for the next few days.

Everything had to wait until the Western Boss completed his training. However, Felton came to resent Leon.

He ran into Leon and happened to have two powerful Apostles with him. Because the two Apostles were in the Intermediate Almighty State, they should be able to defeat Leon with ease and this was the perfect chance to destroy Leon.

Hence, he was reluctant to listen to their advice and give up.

"Third Apostle, Fifth Apostle, could you tell which power level Leon is in? If you two work together, are you confident that you can defeat or destroy him?" Felton asked thoughtfully.

"That technique he used was quite powerful, but judging from the explosive power of it, he hasn't reached the Intermediate Almighty state! If I'm not mistaken, he's probably in the Initial Almighty State and still a few steps away from reaching the Intermediate Almighty state," the Third Apostles said.

He saw the fight between Leon and the Grimstons. As an older-generation martial artist in the Intermediate Almighty state, he was far more experienced than Felton. While Felton struggled to tell which level Leon was in, he could tell.

Leon's Hurricane Break was powerful enough to defeat two martial artists in the Initial Almighty state, but it only managed to succeed in taking down all the Grimstons because it was an indiscriminate attack with a large range.

In truth, Leon's power and explosive power were not better than the two elderly men. Hence, he guessed that Leon was likely in the Initial Almighty State but had yet to reach the Intermediate Almighty State.

Indeed, Leon's actual power level was rather low, and without the Dragon Pill, the Hurricane Break he wielded only had the strength of the Initial Almighty State.

The Third Apostle's analysis was precise in this sense.

"Yeah, he's right. Considering our strength, any one of us can easily defeat that kid, not to mention if we attack together!" The Fifth Apostles agreed along. The content is on [noveldrama.org](http://noveldrama.org)! Read the latest chapter there!

Like the Third Apostle, he could tell that Leon was only in the Initial Almighty State as well, which meant he was still weaker than them. The content is on [noveldrama.org](http://noveldrama.org)! Read the latest chapter there!

From their perspectives, Leon did not deserve that much respect. Still, this was merely an analysis they made based on the power of Hurricane Break.

If only they knew that Leon had far more powerful tricks than Hurricane Break, they would not dare to underestimate him.

## Chapter 2752

"Good! Leon is the enemy of the Formers. Since he is no match for you, why should we fear him and miss out on the chance to seize him?" Felton became even more confident after hearing what they had to say and swiftly made up his mind.

Though the Western Boss reminded him not to pick on Leon for the next few days to prevent unexpected accidents, there should be some flexibility in the decisions he made.

As fate would have it, he ran into Leon again.

The Third and Fifth Apostles were certain that they could defeat Leon and this was a perfect opportunity. If he gave up on this opportunity, he may not get another chance to eliminate Leon.

After weighing his options, he decided to ignore the Western Boss's order and attack Leon.

So long as he managed to destroy Leon and found a way to seize Cynthion Group, the Western Boss would be pleased and would not blame him for ignoring his order.

Hence, Felton was not at all worried about it.

"But," The Third and Fifth Apostles exchanged hesitant glances as they recalled the Western Boss's order. "That's the end of the discussion! It's settled!" Felton said firmly.

"Well, alright, then." Seeing as he was determined to proceed, the Apostles accepted his order.

After all, Felton was the son of the Western Boss and the Western Boss handed everything into Felton's control. Since Felton was determined to take Leon down, they could not disobey.

Besides, Felton was right.

Leon was merely in the Initial Almighty State and no match for them.

With their power in the Intermediate Almighty State, they could easily defeat or kill Leon and there was no reason for them to disobey Felton.

"I'll leave Leon to you two. Attack together and ensure that you get rid of him! Also, just focus on disabling him. Don't kill him for now. I need something from him," Felton ordered viciously.

He did not order them to spare Leon's life out of the kindness of his heart, but because he wanted to obtain the confidential information and recipes of Cynthion Group.

"Yes, sir!" the Apostles responded and strode toward Leon without hesitation.

Since they witnessed Leon's strength, they knew that Leon was likely not far from reaching the Intermediate Almighty state and he was a rather formidable figure. The content is on [noveldrama.org](http://noveldrama.org)! Read the latest chapter there!

Not daring to underestimate him, they intended to team up against Leon to ensure their success.

"Very well! Felton, you asked for this! Let's see if you're going to destroy me, or if it's the other way around." Leon laughed angrily, enraged by Felton's arrogance. The content is on [noveldrama.org](http://noveldrama.org)! Read the latest chapter there!

## Chapter 2754

"Jensen, Elder Daglesh, what's the meaning of this? Are you going to go up against the Farmers for Leon's sake?" Felton's expression darkened.

Jensen sided with Leon multiple times during Jaxon's bouquet and Felton held a grudge over it.

Seeing as the Daglehs interfered and stopped the Apostles from fighting Leon, he immediately knew that they wanted to help Leon and Felton saw no point in being polite with them.

"So what if that's what we are going to do? Felton, you targeted Mister Wolf multiple times and even tried to harm him during Mister Peaks' bouquet. Mister Wolf defeated you and he only let you go because Miss Morrison and I put in a few good words for you. Yet, you didn't learn your lesson and continue to target Mister Wolf. Don't you think you're out of line here?" Jensen scoffed.

He and Renee were the ones who convinced Leon to let Felton go and he thought that Felton would have learned his lesson. To his bewilderment, Felton's actions continued to escalate and even an outsider like him was enraged by Felton.

"I'm out of line? What a joke. He only let me go out of fear for the Farmers' power, not out of kindness. Besides, he broke my arm and I need to settle the scores! This is between me and him, and it's none of your business. You better stay out of it," Felton said viciously.

He raised his injured arm and glared resentfully at Leon.

"Who said it's none of our business? The Daglehs are in the process of discussing a business partnership with Cynthion Group. Mister Wolf is our

guest and we won't stand idly by if you want to pick on Mister Wolf," Jensen retorted coldly.

He knew that Felton had it coming for getting his arm broken. Yet, he tried to use it as an excuse to target Leon. The content is on [noveldrama.org](http://noveldrama.org)! Read the latest chapter there!

He then released his true energy and it instantly overwhelmed Felton and the Apostles.

## Chapter 2755

"Why you!" Intimidated by Elder Dagleh's presence, the Farmers paled.

Felton was merely in the Intermediate Emperor State and helpless before Elder Dagleh.

His heart sank and he had to back away to feel slightly better.

The Apostles were both in the Intermediate Almighty State and did not fear Elder Dagleh's presence.

Still, Elder Dagleh was the leader of the Daglehs and one of the big shots in the western region.

He long reached the Intermediate Almighty State a decade ago and was not far from reaching the Advanced Almighty State.

Meanwhile, they were merely the Western Boss's Apostles and there was still a gap between them and Elder Dagleh in terms of status and power.

On top of that, two other formidable-looking martial artists from the older generation came with Elder Daglesh.

If Daglesh insisted on helping Leon and fight the Farmers, the two Apostles were likely no match for the Dagleshs. Instantly, they were not sure what to do next.

"Sir, what should we do now?" The Apostles turned to Felton for further instructions worriedly.

"Damn it!" Felton clenched his fists with a dark expression.

He knew that Elder Daglesh was more formidable than the Apostles. On top of that, the two other men Elder Daglesh brought with him seemed powerful as well.

Adding Leon, who was close to reaching the Intermediate Almighty state, to the equation, one could easily tell who was at an advantage.

If they truly got into a fight, the Farmers would not stand a chance.

"Elder Daglesh, think twice. The Farmers and my father aren't people you want to cross. Are you going to go against US for an outsider's sake?" Felton said, trying to force Elder Daglesh to back down using his father's name. The content is on [noveldrama.org](http://noveldrama.org)! Read the latest chapter there!

"Felton, don't bother trying to intimidate me with the Western Boss. Others may fear him, but not the Dagleshs! Since you are a junior, I'll give you a chance. "Why you! Very well!" Felton was furious. However, he was merely the son of the Western Boss. If his father was here, they may be able to scare off Elder Daglesh.

A junior like him did not have the power to go up against Elder Daglesh. Since Elder Daglesh insisted on siding with Leon, Felton had no other option but to give up. The content is on [noveldrama.org](http://noveldrama.org)! Read the latest chapter there!

## Chapter 2756

"Elder Daglesh, I'll let Leon go out of respect for the Dagleshs. However, this isn't over. We'll see each other again!" Felton said viciously.

At this point, he knew that he was outnumbered and had to give up on dealing with Leon. "Thank god!" Jensen and Elder Daglesh sighed an inward breath of relief. The Fermers were one of the most powerful families in the western region and their influence rivaled that of the Dagleshs.

The Western Boss was a formidable martial artist in the Advanced Almighty State, so they did not want to cross the Fermers if possible.

Since Felton gave up, this was an ideal situation.

"Third Apostle, Fifth Apostle, let's go!" Felton said darkly and intended to leave.

However, something unexpected happened in the next moment.

"You want to leave? Not so soon!" Leon scoffed and stood before Felton and the Apostles.

"What?" The Dagleshs were shocked and exchanged confused glances, wondering why Leon insisted on stopping them from leaving.

"Leon, what's the meaning of this? Why are you standing in our way?" Felton questioned and glared at Leon.

"What do you think? You said you want to destroy me, right? Are you just going to leave now that you are at a disadvantage? Things won't always work in your favor!" Leon sneered.

"What do you want, then?" Felton's expression darkened. "It's simple. I told you that we would settle the scores today. Before that, you aren't going anywhere!" Leon said coldly. "What?" Everyone, including the Fermers and the Dagleshs, was shocked.

Elder Daglesh and Jensen both thought that the matter was settled.

With the Dagleshs' help, Felton compromised but Leon refused to let go. The content is on [noveldrama.org](http://noveldrama.org)! Read the latest chapter there!

This caught them by surprise and they were baffled by Leon's action.

"What's wrong with you, Leon? I'm letting you off the hook out of respect for the Daglehs. You better back down now!" Felton laughed angrily. The content is on [noveldrama.org](http://noveldrama.org)! Read the latest chapter there!

He felt that Leon should be thankful that he was leaving. If the Daglehs had not intervened, he would have crushed Leon. Yet, Leon did not treasure his fortune and stopped them from leaving.

He could not quite understand what gave Leon the courage to challenge the Farmers. The content is on [noveldrama.org](http://noveldrama.org)! Read the latest chapter there!

Chapter 2757 "Yeah! Mister Wolf, forget it. Since Felton has given up, let's call this a day!" Jensen and Elder Dagleh said. They both wanted Leon to give up as it would not help any of them if the situation escalated further.

"No, I can't just let this pass. Felton has been picking on me simply because he has the support of his family. I'm going to settle the scores today once and for all so that he pays for what he did!" Leon said maliciously with determination.

Mercy toward one's enemy would be cruelty toward oneself. Though Leon preferred to keep a low profile, he was no pushover.

Since Felton challenged him repeatedly and went as far as to send men to attack him, Leon was provoked and could not accept letting Felton leave.

"But," Seeing as Leon insisted on fighting Felton, both Elder Dagleh and Jensen felt helpless.

"Leon, get over yourself. Don't act smug just because you have the Dagleh backing you up. They are just protecting you, and aren't your fighters. If you want to try and intimidate me with their power, you would just end up suffering!" Felton said viciously.

He knew that he was the one who picked a fight and it was reasonable for Elder Dagleh to protect Leon for the sake of his gain. However, Felton was ready to give up, yet Leon refused to let him leave because he had the Daglehs' support.

This was an entirely different matter.

Considering the power of the Farmers, Elder Daglesh would likely not help Leon.

Still, that was just his theory and he could not be certain if Elder Daglesh would fight the Apostles for Leon's safe.

Hence, he intended to warn Elder Daglesh not to fight in Leon's place. Without the Daglehs' help, Leon was no match for the Apostles.

So long as Leon dared to start a fight, he would be digging his own grave.

"Felton, save your tricks for someone else. I alone can deal with you three! I don't need help from Elder Daglesh and the others," Leon said mockingly. The content is on [noveldrama.org](http://noveldrama.org)! Read the latest chapter there!

Everything was merely Felton's speculation.

## Chapter 2758

"What?" Felton and the others were all shocked.

Elder Daglesh and Jensen thought that Leon would seek the Daglehs' help to deal with Felton and the Apostles, This would explain why Leon dared to challenge Felton.

To their bewilderment, they could not be more wrong.

Leon claimed that he wanted to deal with Felton and the Apostles on his own without the Daglehs' help.

It was so unbelievable that they were shaken.

"Don't rush into this, Mister Wolf. These two are both in the Intermediate Almighty State. You won't be able to handle them," Elder Daglesh snapped out of it and said.

When the Dagleshs arrived, Leon executed a powerful Hurricane Break and defeated two martial artists in the Initial Almighty State with a single blow.

They witnessed it all and Elder Daglesh could tell that Leon was likely in the Initial Almighty State and not far from reaching the Intermediate Almighty State.

Given Leon's age, he was shocked that Leon managed to reach the Almighty State. However, the Apostles were both in the Intermediate Almighty State.

He did not think that Leon could rival them, not to mention when he was outnumbered. However, Leon seemed to have gone mad and insisted on taking them on alone. This was practically suicidal, and Elder Daglesh could not allow Leon to do this.

"Elder Daglesh, I'm not acting rashly. Don't worry. Two martial artists in the Intermediate Almighty State couldn't harm me. Please step aside and leave these three to me!" Leon said calmly, not at all worried about the Farmers.

"Why you.! Very well! Leon, since you want to die, I'll grant your wish!" Felton was deeply offended by Leon's attitude.

He never thought Leon was a match for the Apostles to begin with. However, since the Dagleshs were backing Leon, he had to give up on targeting Leon. The content is on [noveldrama.org](http://noveldrama.org)! Read the latest chapter there!

However, Leon arrogantly rejected the Dagleshs' support and intended to take on the Apostles on his own. This worked perfectly to Felton's advantage.

"Elder Daglesh, you heard him! He is challenging the Farmers, so I'm not bullying him. I want the Dagleshs to stay out of it, or I will make sure that my father hears about this!" Felton turned to Elder Daglesh and threatened. The content is on [noveldrama.org](http://noveldrama.org)! Read the latest chapter there!

Though he desperately wished to tear Leon apart immediately, he was worried that the Dagleshs would intervene for gain. Hence, he made the point

Chapter 2759 "But," Elder Daglesh's expression darkened, but he was instantly rendered speechless.

Though he was worried that Leon could not defeat the Apostles and he did not want Leon to hurt himself, Leon already declared that he would take on Felton and the Apostles on his own.

This made it difficult for Elder Daglesh to intervene.

On top of that, the Farmers and the Western Boss were formidable and since it was Leon who challenged them first, Elder Daglesh had no excuse to interfere.

If he did, he would not be able to explain himself when the Western Boss confronted him about it. Instantly, he was at a crossroads and did not know what to do.

"Third Apostle, Fifth Apostle, teach this guy a lesson and show him the consequences of acting so arrogantly!" Felton ignored Elder Daglesh and ordered the Apostles.

He already warned Elder Daglesh and without a proper excuse, he would not dare to help Leon.

Without the Dagleshs' help, the Apostles should be able to take Leon down with ease and Felton was not about to let such a great opportunity escape.

"Yes!" The Apostles said.

They strode toward Leon and reached a stand-off.

Tension rose in the air and a fight was about to break out.

"Hold on!" Renee, who remained silent, hesitated before stepping forward in time to prevent the fight.

"Leon, forget about it. Felton is vicious for picking on you, but he hasn't done much damage and you don't have to bother with him. Besides, he's still the

Western Boss's son and has the Formers backing him. If you attack him and accidentally injure or kill him, the Western Boss will retaliate. This won't do you any good," she said.

She felt differently than the others.

Upon learning that Leon killed the Demon Lord and injured the Southern Boss, both of whom were in the Advanced Almighty State, from Caleb, they all guessed that Leon likely reached the Peak Almighty State.

Though Leon told her that he used a Potential Energy Force to accomplish this and that he used them all up, Leon had to be quite formidable himself if he owned such powerful attacks.

Otherwise, he would not even have the chance to launch the Potential Energy force when the Demon Lord and the Southern Boss ambushed him.

While the Dagleshs and Felton did not think that Leon could defeat the Apostles, she felt differently.

Given Leon's power and what she learned about him in the past few days, she knew that Leon must be confident if he dared to challenge the Fermers.

If she was not mistaken, the Apostles were likely no match for Leon.

However, it meant nothing even if Leon could defeat them because Felton had the support of the Western Boss and his entire clan. The content is on [noveldrama.org](http://noveldrama.org)! Read the latest chapter there!

Not only would Leon be overwhelmed by troubles, but he would also fail to establish a branch for Cynthion Group in the region.

This would only come to harm Leon, so after some contemplation, she decided to try and convince him to give up.

## Chapter 2760

"Well," Leon frowned and fell into silence.

Felton's relentless provocation enraged him and he was driven by rage to teach Felton a lesson. However, Renee's words helped him regain his composure.

though his overall strength reached the Advanced Almighty State and he had nothing to fear from the Western Boss and the Farmers, he came to the Western region to track the Southern Boss and to establish a branch in the region.

If he declared war against Felton and ended up injuring or killing Felton, the Western Boss would never let this go. It would not only create problems but also hinder the development plan for Cynthion Group. On top of that, this would also alert the Southern Boss and make tracking him more challenging.

If the Southern Boss sensed something amiss and fled to another region, it would be difficult to lure him out and this would not work in Leon's favor.

"Mister Wolf, Miss Morrison's right. Patience is key. You shouldn't cross the Farmers and the Western Boss. It's not worth declaring war over such small matters. Why don't we just call this a day?" Elder Daglesh and Jensen said.

Though they did not know Leon as well as Renee did, they knew that Leon just arrived in the western region. He had no connections in the area and it would not be wise for him to cross the Western Boss and the Farmers.

Apart from that, the sky was the limit for a young martial artist like Leon who managed to reach the Almighty State at such an age.

With some time, Leon would soon grow into someone as powerful as the Western Boss, so he did not need to rush. He could wait until he planted his roots in the western region and had the power to rival the Formers.

"Sigh!" Leon sighed as he knew what the others said was true.
