

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2801-Candice roared.

She wanted to attack Leon, but Leon was still treating Elder Daglesh and she did not want Elder Daglesh to get caught in the crossfire.

Hence, she suppressed her anger and demanded Leon to stop.

“Candice’s right. Mister Wolf, stop this immediately,” Mateo said coldly.

He felt the same as Candice and wished for Leon to stop to prevent any further damage to Elder Daglesh’s health.

So long as Leon stopped in time, they could get Doctor Otway here as soon as possible.

Given Doctor Otway’s skill, he may be able to rescue Elder Daglesh from the edge of losing control.

If Leon continued to treat Elder Daglesh recklessly, he may end up killing him and it would be too late to get Doctor Otway there at that point.

“Mister Daglesh, Miss Daglesh, don’t worry. Elder Daglesh’s condition is stabilizing. Just give me more time and I can surely cure him,” Leon explained.

Though Elder Daglesh spat blood once again, he could tell that the raging true energy within Elder Daglesh was slowly being processed by the Sun Pill.

If he was not mistaken, Elder would be able to expel all the chaotic energy within him once he processed and absorbed the raging true energy.

Once that happened, all problems would be resolved.

This was a critical moment and everything was developing toward an ideal direction.

There was no way that he would give up on treating Elder Daglesh.

“Nonsense! Wolf, my grandfather treated you as our esteemed guest, yet you hurt him! Do you even have a conscience? If you don’t let go of my grandfather now, I won’t show you any mercy!” Candice was furious.

The thought that Leon’s recklessness could get Elder Daglesh killed pushed the rage and concern within her to the highest point.

Unable to suppress her anger any longer, she extended her arm and sent a powerful wave of true energy at Leon to stop him from treating Elder Daglesh.

“Miss Daglesh, can you stop messing around?” Leon was taken aback.

Baam!

Following a deafening sound, Leon’s attack clashed with Candice’s.

As he anticipated, Candice was no match for him.

The Ex Husbands Revenge Chapter 2802-“Mister Wolf, this is too much! This is not a place for you to do as you please!

Since you refuse to see reasons, don’t blame me for what I’m about to do!”

Mateo was furious.

Not only did Leon ignore the protest of Candice and Mateo, but he also defeated Candice because he surpassed her in strength.

As the leader of the second-generation Daglehs, Mateo refused to let Leon do as he pleased.

Without hesitation, he reached out to grab Leon to stop him from treating Elder Daglesh or worsening his condition.

“Dad, wait!” Jensen was taken aback and wanted to stop him.

However, Mateo already leaped into action in a fit of rage and it was too late.

“The Semi-Almighty State! Sorry about this, Mister Daglesh!” Sensing Mateo’s powerful energy, Leon’s expression darkened as he detected that Mateo was in the Semi-Almighty State.

Under normal circumstances, he would not need to fear someone in the Semi Almighty state.

However, he was focused on treating Elder Daglesh at the moment and could not wield his full strength in a fight.

Hence, Mateo's attack created quite a problem.

Not daring to take it lightly, Leon kept one hand on Elder Daglesh and launched the Double Attack at Mateo.

"How arrogant!" Mateo laughed angrily when he saw that Leon intended to fight.

Since Leon was a guest, he initially planned to force Leon to give up on treating Elder Daglesh and did not intend to harm Leon.

Leon, on the other hand, intended to fight him with just one hand.

This seemed extremely arrogant of him.

Though he did not know much about Leon or the extent of his strength, he did not think Leon could defeat him with a single hand judging from his age.

It would be unrealistic to think otherwise.

Since Leon insisted on treating Elder Daglesh, Mateo decided not to show any mercy.

Due to all the misunderstandings, she had a poor impression of Leon.

On top of that, Leon refused to give up on treating Elder Daglesh despite causing him to spit blood.

From her perspective, Leon was trying to murder her grandfather and she came to resent him.

However, the reality was cruel and what happened next shook both her and Mateo.

The Ex Husbands Revenge Chapter 2803-Baam!

Following a deafening noise, Leon's attack clashed with Mateo's.

Since Leon's actual level was not high, Mateo's true energy tore through Leon's spiritual energy and darted toward him.

However, with the Mirror of Sovereign, he could fend off any attack in the Initial Almighty State or below.

Since Mateo was only in the Semi-Almighty State, he would not be able to get past Leon's defense, not to mention injure him.

Leon remained unmoved and took the blow with the Mirror of Sovereign.

At the same time, he launched the Double Attack and his true energy in the Mateo did not expect Leon to take such a powerful attack with a single hand, nor did he imagine that Leon would be able to launch another attack while being on the momentum of his first attack.

This completely caught him by surprise and before he could react, he was sent flying and rolling off the ground.

Thankfully, he was quite formidable and Leon did not intend to injure him.

Therefore, he merely looked slightly taken aback and did not suffer any injuries.

"What? How's this possible?" Candice was surprised and rubbed her eyes in disbelief.

Though this was her first time meeting Leon and she did not know the extent of his strength, Leon was hardly thirty so she guessed that Leon was in the Emperor State like her brother, Jensen.

Her father was the leader of the second generation in the Daglehs and long reached the Semi-Almighty state.

Amongst the second-generation martial artists, he was considered rather skilled.

Given his strength, she initially thought that he would easily defeat Leon and prevent Leon from treating Elder Dagleh.

To her bewilderment, the contrary happened.

Not only was Mateo rendered helpless by Leon, but he was also defeated.

Instantly, she was shaken.

She was naturally not the only one as Mateo was shocked as well.

He never imagined that a junior like Leon would defeat him with a single hand.

“Dad, this guy is powerful! What should we do now?” Snapping out of it, Candice asked worriedly.

Concerned about Elder Daglesh’s safety, she could not think of what to do.

The Ex Husbands Revenge Chapter 2804-“So what? A junior like him can’t do anything here! I look forward to seeing what he is capable of!” Mateo scoffed in frustration.

Though Leon defeated him with a single blow, he was not attacking with full strength to begin with because Leon was still a guest.

Mateo was rather upset that he lost to a junior. However, this was the Dagleshs’ mansion with countless powerful martial artists around.

As powerful as Leon may be, he could not cause any trouble here and Mateo was not at all concerned.

“Take this!” Mateo fired up his true energy again to attack Leon and prevent him from treating Elder Daglesh.

After witnessing Leon’s true strength, he intended to give it his all and was determined to rescue Elder Daglesh at all costs.

“Dad, don’t do it! Mister Wolf is already in the Almighty State and he isn’t far from reaching the Intermediate Almighty State right now. You’re no match for him.” Jensen was taken aback and immediately stopped Mateo.

“What? Is he in the Almighty state? Are you serious?”

Jensen’s words shook Mateo and Candice.

“It’s true. The two men in the Almighty State from the Grimstons couldn’t even defeat Mister Wolf.” Jensen nodded and proceeded to recount the conflict between Leon and the Grimstons.

“What!” Candice and Mateo were shaken to the core.

Due to many misunderstandings, Candice had a poor impression of Leon and she was certain that he was a despicable man.

To her bewilderment, Leon was a respected martial artist in the Almighty State.

This was surreal to her.

The world of martial artists valued strength above anything.

For Leon to reach the Almighty State at such a young age, his talent was unheard of and no one in the youngest generation could compare to him.

He was one in a million and the sky was the limit for him.

Mateo felt the same as well.

According to Jensen, even two martial artists in the Almighty state could not rival Leon.

Since Mateo was only in the Semi-Almighty State, there was no way he could defeat Leon.

The Ex Husbands Revenge Chapter 2805-“Mister Wolf, you are a guest here. For the last time, I let go of my father and stop the treatment now. If something bad happens to him, the Dagleshs’ rage will follow you everywhere you go!” Mateo warned.

Upon learning that Leon was in the Almighty State, he knew that he was no match for Leon. Hence, he could only threaten Leon with the power of the Dagleshs in the hope that Leon would give up.

That way, Leon would not be able to harm Elder Daglesh.

“Mister Daglesh, it’s not what you think. Elder Daglesh is getting better. I just need a bit more time and I’ll surely cure him,” Leon explained patiently while treating Elder Daglesh.

“Why you!” Both Mateo and Candice were furious.

Under Leon’s treatment, Elder Daglesh already spat blood twice and his condition was worsening.

They all witnessed what happened and Elder Daglesh was not showing any sign of improvement. Hence, there was no way that they would believe what Leon said.

“Dad, Mister Wolf has always been modest and he’s not an arrogant person.

Since he says that Grandpa is getting better, let’s just give him more time to focus on treating Grandpa,” Jensen said thoughtfully.

Unlike Mateo and Candice, he knew Leon and the type of person Leon was.

Both Mateo and Candice refused to believe in Leon, but Jensen intended to give Leon more time to see what would happen next.

“No way! Jensen, don’t listen to him. Grandpa is still keeping his eyes closed and he’s not responsive at all. I think he’s already on the verge of losing control.

If we let this guy treat Grandpa, Grandpa’s life may be in danger!” Candice protested.

Both she and Mateo attacked Leon and created quite a commotion.

If Elder Daglesh’s condition was truly improving as Leon claimed, he would have stopped her and Mateo.

Yet, he seemed oblivious to his surroundings and remained unresponsive.

This only meant that his condition was worsening and he was not in a position to care about anything else.

If Leon continued to treat him recklessly, this would only kill Elder Daglesh.

“Candice’s right. We can’t let him get his way!” Mateo said coldly.

Leon was outnumbered.
