

## The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2927-Arthur, what should we do now? Are you supposed to just stand idly by?" The elders paled.

"We don't have to just sit on our thumbs. We can deal with this. The Southern Boss and the Western Boss are equally powerful as US. If we are in a stand-off, they won't be able to defeat US that easily." Arthur scoffed, not giving up on the idea to face the Southern Boss.

"Arthur, what do you mean?" The elders were slightly confused.

"It's simple. Angus, you will arrange for all the elderly, children, and women to move to a safe location. All members that are in the Almighty State will stay and wait for the Southern Boss and the Western Boss to arrive. We shall face them!

Given our strength, even if we can't defeat them, we can stall and wait for Mister Wolf to arrive. That shouldn't be challenging," Arthur said.

Since the Southern Boss likely reached the Peak Almighty State and had the help of the Western Boss along with the Farmers, they were powerful enough to rival the Thompsons.

Still, the Thompsons were not weak. Both sides had equal strength.

So long as the Thompsons evacuate the weaker members of the family to prevent the southern Boss from harming them or taking them hostages, the Southern Boss and the Western Boss would not be able to do much to the Thompsons.

All they needed to do was stall until Leon arrived. Once Leon arrived, they would join forces and defeat the Southern Boss and the Western Boss.

"I see! That would work!"

"Let's go with that!"

Angus and the others all agreed with Arthur's arrangement and felt that this was the best plan they had.

Since time was running out and the Southern Boss and the Western Boss would arrive at any time, they dared not delay and immediately leaped into action.

Soon, Angus and the others gathered all the elderly, women, and children within the family and prepared for the evacuation.

Sometime later, all members, including the first and second bloodline, were moved out of the mansion.

Just then, they heard footsteps approaching. Angus and John strode toward them, dragging Rodney with them.

John was appointed as Roanne's bodyguard and was tasked with protecting her.
