

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2956-“What? Levi, how do you know that the Southern Boss committed murder?” The Western Boss was shocked.

The Southern Boss was shocked as well. He assumed that he did not leave any trace when he took the Rainbow Flower from Jaxon.

To his surprise, the Dragon Corps knew about it and he was taken aback.

“You can’t hide the truth forever. Western Boss, what the Southern Boss did has nothing to do with you, so you better stop assisting him now or you will lead your family into destruction!” Levi said.

The Southern Boss was wanted for the crimes he committed in the southern region. On top of that, he murdered to steal the Rainbow Flower in the western region.

There was no way that the Dragon Corps would spare the Southern Boss.

However, the Western Boss was different.

He was not the culprit behind the crime but committed murder even though he was aiding the Southern Boss.

If the Western Boss was willing to give up, the Dragon Corps would not hold him accountable. However, if he refused to retreat and continued to help the Southern Boss, the Dragon Corps would not spare the two of them.

“Levi is right. Western Boss, you have one chance now. So long as you retreat and change your ways, I can consider sparing you!” After hearing what Levi said, Leon halted his action and did not attack.

Though Felton repeatedly caused trouble for him, he did not suffer any actual loss.

Apart from that, the Dragon Corps was responsible for maintaining order and stability.

The Western Boss was the ruler of the underground community. If he took the Western Boss down, the western region would experience an uproar just like the southern region.

This did not fit into the Dragon Corps’ principle.

In consideration of the greater good, Leon was willing to spare the Western Boss and the Formers so long as they retreated now.

“Well,” The Western Boss’s expression darkened and he fell into silence.

He was willing to help the Southern Boss fight the Thompsons because of profit. However, the Dragon corps got involved and if he continued to help the Southern Boss, the Dragon Corps may punish the Farmers afterward.

“Western Boss, don’t listen to Leon. I already told you that I have everything arranged to ensure that the Dragon Corps won’t hold you and the Farmers accountable. Besides, if you eliminate Leon and the

Thompsons for me, all profit made by Cynthion Group in the western region will be yours,” the Southern Boss said hurriedly.

He knew how formidable Leon was. If the Western Boss and the Farmers retreated, he could not fight Leon and the Dragon Guards on his own.

The Ex Husbands Revenge Chapter 2957-“Yeah. Dad, don’t get fooled by Leon! He cost US the Apostles and broke my leg. You have to avenge me!” Felton agreed along.

He fought Leon multiple times and lost every single time. Because of that, he resented Leon and desperately wished for his demise.

With the Southern Boss and the Western Boss going against Leon, they had the upper hand. Hence, he was reluctant to see the Western Boss backing out and sparing Leon.

“I know! Felton, don’t worry. I will destroy that kid and avenge you!” With a cold look in his eyes, the Western Boss made his choice.

The Farmers targeted Leon repeatedly mainly because they wished to obtain Cynthion Group.

As the grievances between the Farmers and Leon deepened, there was no way that the Western Boss would spare Leon or give up on taking Cynthion Group even if the Dragon Corps was involved.

He was not worried about being punished by the Dragon Corps.

Given his strength in the Peak Almighty State and his influence in the western region, the Dragon Corps would not be able to do much to him since he could blame it all on the Southern Boss.

“Good choice, Western Boss.” The Southern Boss sighed a breath of relief.

He was glad that he did not inform the Western Boss about Leon's true strength, causing the Farmers to repeatedly suffer losses at Leon's hands.

At this point, the grievances between Leon and the Farmers deepened to the point of no return.

Otherwise, the Western Boss would have chosen to retreat to protect his own family.

The Southern Boss was one step ahead of the Western Boss.

"Levi, Leon broke my son's leg and I must seek justice today. If the Dragon Corps insists on interfering and helping him, I won't spare you either!" The Western Boss turned to Levi and said coldly.

He knew that it was normal for martial artists to duel and the Dragon Corps rarely got involved in personal grudges.

Using the fact that Leon injured Felton, he had an excuse to act.

With the Southern Boss as his scapegoat, he could evade responsibility even if the Dragon Corps came for him afterward.

"Why you!" Levi was furious.

Since the Western Boss was determined to side with the Southern Boss and had the upper hand, there was nothing Levi could do.

"Very well! Western Boss, I've given you a chance. Since you are set on dying, I will have both you and the Southern Boss eliminated!"

Leon laughed angrily.

He was going to spare the Western Boss out of consideration for the greater good, but since the Western Boss did not appreciate it, he would not be merciful.

Without another word, he fired up his spiritual energy and prepared to attack, when Levi stopped him.

"Mister Wolf, the Southern Boss, and the Western Boss are too strong for us. I think the Dragon Guards should stay back to stall them while you leave with the Thompsons. Once you get out of here safely, contact Mister Orpwood and Mister Glasbey to send more people here. This is the way for us to win!" Levi said.

Though he did not know why Mister Orpwood left Leon in charge, he knew that they were no match for the Southern Boss and the Western Boss.

At the moment, retreating was the best option.

Once Leon got out safely, he could wait until Alfred and Mister Orpwood returned, before working with them to eliminate the Southern Boss and the Western Boss.

When that was accomplished, the Southern Boss and the Western Boss would surely perish. This was a far better plan than facing the Southern Boss and the Western Boss head-on.

The Ex Husbands Revenge Chapter 2958—"Yes, this man is right. Mister Wolf, the Thompsons, and the Dragon Guards should stay back to fend off the enemy while you leave with Arthur and the head of our family. Leave US behind."

The Thompsons perked up and agreed with Levi's idea.

Since Leon ran out of the Potential Energy Forces, they did not think Leon stood a chance against the Southern Boss and the Western Boss as it was unrealistic.

So long as Leon, Angus, and the others could escape safely, it seemed worth it even if they all died.

"You want to run? Not so soon. Western Boss, leave Leon to me. You and the Farmers can help deal with the Dragon Guards and the Thompsons."

The Southern Boss thought that Leon was running and sneered as he made the call.

Apart from that, he held a deep grudge toward Leon and now that Leon ran out of Potential Energy Forces, he no longer had any concerns.

Hence, he decided to take Leon down himself to avenge what Leon did to the Spears.

"Alright! Farmers, prepare to attack!" the Western Boss ordered.

He then waved his arm and the Farmers prepared to attack.

"Mister Wolf, we'll work with the Dragon Guards to stall the Southern Boss and the Western Boss. Take Arthur and run!" Seeing as the Southern Boss and the Western Boss were ready to attack, Levi and the Thompsons urged Leon to run while they got into formation.

"Run? That won't be necessary! Don't worry, everyone. The Southern Boss and the Western Boss can't do much. Just protect Iris, Elder Thompson, and the others. Leave the Southern Boss and the Western Boss to me!" Leon shook his head and rejected their suggestion.

“What?”

Leon’s words shook everyone.

The Dragon Guards and the Thompsons were certain that they could not win against the Southern Boss and the Western Boss.

It seemed like the best solution was for Leon to escape with Arthur.

However, to their bewilderment, Leon refused to run and even claimed he could defeat the Southern Boss and the Western Boss.

This was practically suicidal and they could not understand what gave Leon such confidence.

“Leon, how dare you? Since you are in a hurry to die, I will help you out with that! Prepare yourself!” The Southern Boss laughed angrily, provoked by Leon’s arrogance.

Without further delay, he reached his arm out and charged at Leon at the speed of lightning.

“Come at me!” Leon scoffed.

Facing the Southern Boss’s attack, he took a step back and launched the Earthly Plunder.

His energy gathered at the tip of his finger and was sent directly at the Southern Boss.

“You must have a death wish, kid!” The Southern Boss narrowed his eyes sharply.

He knew that Leon was only in the Advanced Almighty State, which Was miles away from the Peak Almighty Státe he was in.

Given Leon’s power and tricks available to him, he may be able to survive longer if he dodged around.

However, he foolishly chose to face the Southern Boss with a single finger.

This was practically suicidal and the Southern Boss was not about to miss this opportunity.

He exerted more force in his attack, intending to destroy Leon, with a single blow to vent his resentment.

The Ex Husbands Revenge Chapter 2959-“He must have a death wish!” The Western Boss, Felton, and Rodney sneered and looked at Leon as though he was already dead.

The Western Boss could not sense any true energy from Leon and did not know what level he was in.

However, judging from Leon’s speed and explosive power, he had to be in the Advanced Almighty State at best.

That would mean he was no match for the Southern Boss.

Leon would surely perish once the Southern Boss’s attack landed if they were not mistaken.

That was the only possible outcome.

“It’s over. Mister Wolf is over,” Contrary to their reaction, the Dragon Guards and the Thompsons all fell into despair.

Like the Western Boss, they all thought that Leon would lose to the Southern Boss unless there was a miracle.

However, what happened next shocked them all.

Baam!

Following a deafening sound, Leon’s Earthly Plunder and the Southern Boss’s attacks clashed.

Just as the Southern Boss and the Western Boss predicted, Leon was indeed in the Advanced Almighty state without the Mirror of Sovereign instead of the Semi-Saint State.

However, the Earthly Plunder could gather all his spiritual energy to one point, allowing it to cause great damage.

After they crossed fire, Leon’s Earthly Plunder pierced past the Southern Boss’s attack and pierced through his shoulder, leaving a bloody wound behind.

On top of that, the Southern Boss paled and backed away, before falling to the ground.

“The Southern Boss lost?” “How’s that possible?”

Everyone was shocked and rubbed their eyes in disbelief.

They all thought that given the difference in strength, Leon could not possibly fend off the Southern Boss, not to mention win against him.

To their bewilderment, the reality was quite the contrary.

Not only did Leon fend off the Southern Boss's attack, but he also defeated and injured the Southern Boss.

Yet, the reality delivered a resounding slap to his face.

To his bewilderment, Leon defeated him with a single finger in a direct fight.

This was so surreal that he could not understand how Leon managed it, nor could he accept the reality.

The Ex Husbands Revenge Chapter 2960-"Nothing is impossible. Southern Boss, it's time we settle the scores!

Prepare to die!" Leon launched the Earthly Plunder again as he charged at the Southern Boss.

"Oh no!" The Southern Boss was terrified.

He already witnessed the power of the Earthly Plunder and dared not to face Leon directly.

Thankfully, Leon was merely in the Advanced Almighty State and was much slower than he was.

Hence, he intended to utilize his advantage in speed to dodge Leon's attack.

"You want to make this a competition of speed? Please!" Leon scoffed and executed the Phantom Steps as he continued to pursue the Southern Boss with the Earthly Plunder.

"Leon's strength and speed have leveled up a few times compared to the last time I saw him. This is unbelievable. Has he reached the Peak Almighty State as well?" As Leon came closer, the Southern Boss panicked.

He knew the extent of Leon's power.

Within just a month, Leon's power increased. Using the Earthly Plunder, he defeated the Southern Boss with the Earthly Plunder and his speed went up as well.

All these indicated that perhaps Leon rose to the Peak Almighty State as well, or Leon would not be so formidable.

Instantly, he realized how Loen managed to defeat him.

Naturally, this was not the time for him to ponder.

“Damn it! Here goes nothing. Divine Kick!” Seeing as he could not get away from Leon, the Southern Boss executed his most powerful technique.

The sand on the ground rose as he swung his leg to deliver a powerful kick.

Baam!

Following a deafening sound, Leon’s Earthly Plunder and the Southern Boss’s Divine Kick clashed.

Though Leon’s Earthly Plunder was an Advanced Power technique, Leon’s actual power was in the Advanced Almighty state, which was miles away from the Peak Almighty state the Southern Boss was in.

The Divine Kick immediately countered the Earthly Plunder and sent Leon back away.

“This guy is weaker than he looks,”

The Southern Boss did not expect!

Leon to jack’away and was overjoyed.

He never expected Leon to launch another attack while being on the momentum of the first attack.

Under normal circumstances, true energy in the Initial Emperor state would not do much to him. However, he was on the momentum of the first attack and was powerless in countering. Hence, he could only watch as Leon’s true energy approached.

However, before he could laugh, what happened next shocked him.

“Take this!” Leon clenched his fists and launched the Double Attack.

His true energy in the Initial Emperor State rose and darted toward the Southern Boss.

“What? What the heck is this?” The Southern Boss was shaken to the core.

This completely caught him off-guard.
