Chapter 3998

Su Bao was stunned for a long time.

She crossed over to another space and was still standing in front of the palace.

However, this palace was more magnificent than the one she saw at the bottom of the pond. It was twice as large and had two floors instead of just one.

Unlike the bottom of the pond, this palace was surrounded by floating clouds and fairy air. Su Bao even wondered if she had traveled to the TV series Journey to the West.

“When I was a child watching Journey to the West on TV, the heaven in the sky was like this...” Su Bao was stunned: “There were also these fairy airs floating, and there were also these clouds under my feet...” Did

she really come to the sky and reach the heaven?

“Squeak...” The little ghost beast suddenly fell from her shoulder and rolled into the clouds.

“Where are you going!” Su Bao was startled and hurried to pick it up.

Dad said that no matter where you go, no matter how peaceful the place looks, you must first investigate it before taking action.

Su Bao was very worried that these clouds that looked like fairy air would actually take people’s lives, but after the little ghost beast rolled into the clouds, it began to rub its face with an intoxicated look.

Soon, its aura increased greatly. Before, it swallowed a lot of thunder liquid in one breath and upgraded from level eight to level nine.

Then it stopped, as if it had not made any progress.

But now its aura keeps rising, and it is obvious that it is constantly upgrading.

Su Bao was shocked and said, “This cloud can actually help you practice?”

At this rate, wouldn't the little ghost beast soon reach level nine, just like Godzilla before.

This is just at the entrance of the palace!

How many good things should there be in that palace!

Su Bao used her spiritual sense to check and confirmed that there was no danger in these fairy clouds outside the palace.

But her spiritual sense wanted to explore what was inside the palace, but it was blocked.

A palace that can block spiritual sense?

Su Bao carefully pushed the door open and went in.

After confirming that there was no danger, she gradually felt relieved.

At this time, she was shocked by the scene in front of her, and saw that the palace was full of gold, silver and jewelry.

Real gold, silver and jewelry, at a glance, there were piles of gold, blinding her eyes.

The imperial table in the middle was surrounded by gold, silver and jewelry, which also looked like the table of the Queen Mother and the Jade Emperor. There were also various cups, wine pots, and plates of fruit on it.

"Is it really the Heaven? How can there be gold and jewelry in Heaven..."

"But gold is useless to me now, it's just a vulgar thing..."

Su Bao said to herself, while sweeping all the gold and jewelry into the ring.

She couldn't use it, but she could give it to her uncle and others. In this way, even if the uncle and the elder brother don't work hard and just mess around every day, they will still have endless money.

She emptied the gold and jewelry, and even the table of the Jade Emperor and the Queen Mother, all the cups, wine pots, fairy peaches, and a bunch of other things that she didn't know what they were, and put them into the ring.

This palace has two courtyards, and there are three palaces in the front – a main hall and two side halls.

There are also three halls in the backyard, plus there is another floor above the main hall. Su Bao didn't dare to imagine how much gold, silver and jewelry there are.

People's first impression is like this – subconsciously think that the main hall is the best thing, so Su Bao subconsciously thinks that there should be gold, silver and jewelry outside the main hall.

But who would go to the trouble of hiding a palace in another space, and then hide gold, silver and jewelry in the palace?

Su Bao walked to the side hall and figured it out. When he opened the door, he was shocked. It was full of sky-repairing stones!

Stacked up one after another, filling the entire side hall. Although there are not as many sky-repairing stones as in the cave of the Qinghua Emperor, each one is very pure and the Tao is clear.

Su Bao waved her hand again and swept all the Heaven-Fixing Stones into the ring.

She began to get excited. If there were such good things as Heaven-Fixing Stones in the side hall, what good things must be in the palace behind!

Su Bao's legs were so strong that they smoked. She ran around excitedly and pushed open the door – another room full of Heaven-Fixing Stones!

Pushing open the door again! Here was a room full of red, shining things, which looked a bit like cinnabar at first glance.

It was the red light spots in the blood-red pool when she was cultivating her consciousness in the Eye of the Devil. Later, after she used up her cultivation, the pool water changed from blood color to an almost transparent color. The red

flashing substance in front of her looked like quicksand, and Su Bao felt extremely comfortable when her consciousness touched it!

“Good stuff!”

Take it away, take it all away!

Who is so kind that he put so many treasures here!

Su Bao took the gold and jewelry in the first hall, the Heaven-Fixing Stones in the second hall, and the “red quicksand” in the third hall. The only thing left was the second floor above the main hall.

This was very simple for Su Bao. As soon as she thought of it, the space law started to work, and she appeared on the second floor.

She checked cautiously, and for some reason she felt that there was something inside – something that could move.

She was not afraid of either humans or ghosts, but she was afraid of a sneak attack.

At this moment, there were slight footsteps inside.

Su Bao's eyes fixed, here they come! The guy in the palace at the bottom of the pool in the air!

She immediately added several layers of defense shields inside and outside, and then surrounded herself with her spiritual sense, ready to chop with a needle or a knife at any time...

Creak – the door suddenly opened by itself.

Su Bao held her breath, but found that the thing inside seemed to be frightened as well. It was extremely fast and ran to the back with a whoosh!

Su Bao didn't have time to see clearly what it was, and saw two slender legs with flying leg hair running past!

- What is this?

Chapter 3999

“Junior brother, Siguo Cliff is just a room, but it is not easy to stay in it.”

“If you can practice in peace in it, everyone wants to go there.”

“There will be breath in the Siguo Cliff that disturbs the consciousness, which will make people who stay in the Siguo Cliff feel painful.”

“And the consciousness will experience all kinds of hardships, just like what really happened!”

“You must pay attention. Although these three days are not long and will not harm your life, it will definitely damage your body and mind. You need to recuperate for a while.”

Wei Qing told David about Siguo Cliff and told David not to be careless!

“You don’t have to be too nervous. With your current ability, three days of Siguo Cliff will not cause any harm.”

Elder Yu comforted David!

David nodded, and then followed Elder Yu to Siguo Cliff!

Siguo Cliff is just a small house that looks a bit shabby. There is a sign hanging on the eaves, which says Siguo Cliff!

Pushing open the door, David walked in. There was almost nothing inside, only a dirty-looking mat!

“This environment, it looks like no one has been here for a long time.”

David took a look and then sat on the mat!

Three days is really a flash for a cultivator. As long as you enter the state of cultivation, time will not be a problem!

But when David just sat down, closed his eyes and mobilized the spiritual energy in his body to prepare for cultivation, he suddenly felt a breath appear in his sea of consciousness, and this breath was constantly condensing!

This breath is not in David’s body, and David has no way to control it, but Wei Qing has said it in advance, so David is not panicked!

This should be the Purple Flame Sect’s Siguo Cliff, used to control the breath of the sea of consciousness, and David did not deliberately resist it!

As the breath filled the sea of consciousness, David only felt a burst of heat in his body!

He opened his eyes and found that there was a towering mountain in front of him. The whole mountain was fiery red, just like the Flame Mountain!

And where David sat, in front of him was a straight cliff with the three words Siguo Cliff written on the cliff!

At this moment, David finally understood the origin of the Cliff of Repentance. It turned out that after entering the room, he would really be taken to the bottom of a cliff!

Just as David was looking at the Cliff of Repentance in front of him, suddenly, flames came from the mountains like a flood!

David wanted to dodge, but he couldn’t dodge at all!

Soon, David's body was engulfed by the flames!

For a moment, the intense burning sensation made David in pain, and he hurriedly used the extremely cold ice flame to resist this heat!

But no matter how David resisted, it was useless. The extremely cold ice flame seemed to have lost its icy aura!

"This... What's going on?"

David was shocked!

"This is in the illusion. Of course, your extremely cold ice flame is useless. Everything you see and feel now is dominated by your spiritual consciousness. Since your sea of consciousness is controlled, you will feel whatever the other party wants you to feel."
The

Red Cloud Demon Lord said slowly!

David realized that he should still be in the shabby room at this moment, but his spiritual consciousness was controlled, so he could see everything in front of him!

Helpless, David could only use his body to resist the scorching flames. Under the engulfment of the flames, David felt a kind of anxiety, as if he was going crazy!

"Look, look at what's on the cliff..."

Suddenly, the Red Cloud Demon Lord reminded David!

David frowned and glanced at the cliff. He found that there were only three words "Siguo Cliff" on the cliff, and there was nothing at all!

"There's nothing, what did you see?"

David asked puzzled!

"Kung Fu, it's Kung Fu, calm down and look carefully..."

The Red Cloud Demon Lord reminded!

Chapter 4000

Upon hearing this, David took a deep breath and let the flames burn. He stopped thinking about random things and chanted the Heart Purification Mantra to try to clear his mind!

As David slowly calmed down, the burning sensation on his body actually dissipated a lot!

David looked up at the Cliff of Repentance in front of him. Through the blazing flames, words began to flash on the Cliff of Repentance! The

calmer David's heart was, the clearer the words were. Soon, the entire Cliff of Repentance was covered with words!

Looking at the words in front of him, David was very excited, but he tried to restrain himself. He couldn't let his emotions fluctuate too much!

"True Fire Dharma Body? It turned out to be a method of tempering to fire!"

After David read the method, he slowly closed his eyes and practiced according to the method on the Cliff of Repentance!

Soon, in David's sea of consciousness, a ethereal figure appeared, which was exactly the same as David, just like David's soul!

But the soul will not appear in the sea of consciousness. Even the Red Cloud Demon Lord felt a little curious when he saw the figure that suddenly appeared!

However, the Red Cloud Demon Lord did not disturb him, but watched quietly!

This illusory figure looked very blurry, and there was no breath at all!

However, as David operated the skills, five groups of fire appeared around this figure, which were the five kinds of fire that David mastered!

The five kinds of fire circulated and began to purify. Originally, David's fire was not pure due to various reasons when absorbing and refining, but now these five kinds of fire have become extremely refined!

At this time, the fire became very pure, and its power was greatly improved.

Along with the purification of the fire, David's body was also tempered. The illusory figure was actually David's true fire body, but David had just practiced, and his body was still in the void! Along with

the tempering of the body, David's body was also improved.

In this way, no matter what David does in the future, he can let the body practice in the sea of consciousness, so that his own cultivation will also increase!

In this way, David does not need to practice in seclusion. Even in battle, the practice of the body will be reflected on David himself!

It's just that David doesn't fully understand the True Fire Dharma Body yet! He has just comprehended cultivation. With the deepening of cultivation, David must have a deeper understanding of the True Fire Dharmakaya!

And when David was practicing the True Fire Dharmakaya at Siguo Cliff!

Elder Tian had already gone to Liangyi Gate to invite a master of formation!

Since Elder Yu and the others did not agree to open the God Fire Mountain, Huo Yuanting would find a master of formation himself to open the God Fire Mountain!

"Master, Elder Gu from Liangyi Gate has arrived..."

Elder Tian entered the hall and said to Huo Yuanting!

"I didn't expect Elder Gu to come in person. I'm sorry for not welcoming him..."

Huo Yuanting stood up and greeted Gu Tianchao very respectfully.

If this Gu Tianchao was seen by David, he would probably recognize him at a glance. This guy was the one who harmed Elder Xia's daughter in Wantong Pavilion!

When David broke the Ten Thousand Souls Formation, the residual soul of this Gu Tianchao escaped. He also left his life at that time, saying that he would settle accounts with David in the future!

"Master Huo, you are too polite. Of course I have to come when your Zi Yan Sect has something going on. Besides, Master Huo has also taken good care of our Liang Yi Sect."

Gu Tianchao said with a smile!

The killing array that Huo Yuanting spent a lot of money to buy was bought from Liang Yi Sect, so Huo Yuanting has some friendship with Liang Yi Sect!

"Elder Gu, we are old acquaintances, so I will be frank. The reason why I asked you to come is that I hope you can help me open the God Fire Mountain."

Huo Yuanting said!

Gu Tianchao was stunned, and then said: “Master Huo, the God Fire Mountain has been imprisoned by the formation since the beginning of your Zi Yan Sect. If you want to open the God Fire Mountain, you must open the formation.”

“Don’t you have a formation master in Zi Yan Sect and a formation plate to open the God Fire Mountain? Why are you looking for me?”
