Chapter 4021

Just when David was regretful and at a loss, suddenly the Daluo Golden Classic in his sea of consciousness flashed with light!

A white light flashed, and David was surprised to find that he had begun to control his body again!

And the residual soul of the Red Cloud Demon Lord returned to the sea of consciousness, looking around with a confused face!

Daluo Golden Classic sensed the danger of David, so it forcibly forced the residual soul of the Red Cloud Demon Lord back, allowing David to regain control of his body!

“Puff……”

After David regained control of his body, he spurted out a mouthful of blood!

The golden arrow feather on the God King’s bow also quickly disappeared, and the red lines on David’s body also disappeared!

Even the terrifying demonic energy disappeared without a trace in an instant!

Elder Tu felt the changes in David’s body, and after seeing David spit out a mouthful of blood, his strength was greatly reduced, and he instantly understood something!

“Hahaha, you borrowed the demon soul to improve your strength, but you didn’t expect to be backlashed by the demon soul. This time I don’t think you will die!”

Elder Tu’s confidence increased greatly, and he laughed!

Then a palm came towards David, and David frowned, and his body instantly retreated backwards!

“Hmph, I see where you can escape…”

Elder Tu snorted coldly, and instantly increased his speed to the fastest, chasing David!

David killed so many disciples of their Ghost Face Sect, Elder Tu would never let him go!

Otherwise, he would not be able to explain after returning!

David only escaped two steps and stopped, because in front of him was the boiling magma river!

David took a look at the magma river, which was bottomless, and it was flowing very fast at the moment, and the flames kept rising into the sky!

Seeing Elder Tu catching up, David had no choice but to throw the puppet out again!

The puppet driven by the Fire Spirit of the Fire Spirit Star Lord, after appearing, followed Elder Tu to fight together!

The puppet has no life, so there is no fear!

For a time, Elder Tu and the puppet were inseparable! David knew that this puppet could not hold on for long, not to mention that David could not watch the puppet being destroyed!

The Fire Spirit could not be lost. If the puppet was destroyed, the Fire Spirit might be damaged or lost!

David used this time to rack his brains and think of ways to deal with Elder Tu!

But after thinking about it, David did not have any good ideas. David could now escape the lava river and go straight to the Shenhua Mountain! But

in that case, he would be leading Elder Tu to the Shenhua Mountain, and then Elder Yu and the others would be in danger!

Looking at the puppet that was about to collapse, and looking at the lava river in front of him, David decided to jump into the lava river to escape!

As long as he got rid of Elder Tu, it would be fine!

Thinking of this, David waved his hand and called the puppet back!

Elder Tu looked at David, his eyes full of pride and said: "Boy, I'll see where you can escape this time..."

"You want to see, then take a look!"

David smiled coldly, then his eyes were firm, and he turned and jumped into the magma river!

"Damn..."

Elder Tu hurried forward, but David's body had already fallen straight into the magma river!

David plunged into the magma river, feeling the heat around him. Because of David's sudden jump, the heat wave in the magma river began to twist and rushed straight into the sky!

David's body was wrapped in magma and continued to fall into the depths of the magma river!

As David went deeper, the feeling of heat became stronger and stronger!

David could only desperately go to the depths to escape the pursuit of Elder Tu!

David's body finally fell to the bottom, and then walked at the bottom of the magma river!

He must leave this position as soon as possible!

Because of the magma heat wave, Elder Tu could not detect his breath!

But if David doesn't move here, and the other party jumps down, he will definitely be found, so David must change his position!

Chapter 4022

David was in the lava river, swimming at the bottom of the river like a fish.

Elder Tu was looking at the lava river with flames rising, frowning slightly. He didn't expect David to jump into the river!

Looking at the vast lava river that couldn't be seen at a glance, Elder Tu released his divine sense, trying to find David's exact location!

But the lava river was too big, and David had dived to the bottom. Elder Tu's divine sense couldn't penetrate the lava river at all, and couldn't find David's location!

"We must not let this kid escape, otherwise I can't explain it..."

Elder Tu is not just stopping David now!

David killed so many disciples of their Ghost Face Sect, and he could also exchange for the hundred-year offering of the Demon Sealing League.

Elder Tu wanted to jump down and chase David, but he didn't know David's specific location. If he went down rashly and couldn't find David's figure

, it would be troublesome! And if he relied on himself and couldn't use divine sense to explore, it would be like looking for a needle in a haystack to find David's figure in this lava river!

Elder Tu looked at the dead Ghost Face Sect disciples not far away, and seemed to have thought of something!

He forced out a drop of blood from his brow, and the blood fell to the ground, instantly turning into a blood mist!

This blood mist quickly turned into the shape of a ghost face!

Then rays of light lit up from the blood mist!

Accompanied by waves of cold breath, the ghost face transformed from the blood mist slowly rose into the air!

Just after the ghost face transformed from the blood mist rose into the air, the ghost faces worn by the dead Ghost Face Sect disciples on the ground all floated up!

These ghost faces actually made a shrill scream, as if something was suppressed in the ghost face!

“Go...”

Elder Tu waved his hand, and dozens of ghost faces seemed to have life, swarming into the magma river.

These ghost faces were not afraid of flames at all, and they scattered and plunged into the magma river. Elder Tu wanted to rely on these ghost faces to find David's trace!

At this time, David didn't know, and was desperately swimming in the depths of the magma river.

Fortunately, David had already refined the Earth's Core Fire, so he only needed to slightly turn to the Fire to resist the scorching heat in the magma river!

However, David's body was aching from different places!

These were all sequelae after being controlled by the Red Cloud Demon Lord!

This guy clearly said that he would be more restrained, but in the end he was crazy about absorbing all the power around him and condensing it into arrows!

Even if David's body was strong, it couldn't bear it. Fortunately, Daluo Jindian finally noticed David's dangerous situation and forcibly separated the residual soul of the Red Cloud Demon Lord from David's body!

Otherwise, David would be a lonely soul now, and his body would have exploded long ago!

"Boy, I'm a little too excited, sorry..."

The Red Cloud Demon Lord also noticed the changes in David's body, so he said embarrassedly!

"It's useless to say sorry now. I have to find a relatively safe place now and practice slowly for a few days to let my body recover."

David said unhappily!

"In this magma river, that guy can't find you. You won't be detected by the divine sense here."

said the Red Cloud Demon Lord!

He also knew that he was in the wrong, so when David said a few words to him, the Red Cloud Demon Lord could only listen!

"Run farther, this guy is really difficult..."

After David swam desperately for a distance, he relaxed a little and stopped!

David planned to absorb these underground fires here, and then use the True Fire Dharma Body to temper his body!

Just in this magma river, if you use the True Fire Dharma Body to temper your body, it will definitely be twice the result with half the effort!

David tried to absorb the earth's core fire in the magma river, but just as he started to operate, he heard a buzzing sound, and then he saw that the surrounding flames were flowing more turbulently.

Chapter 4023

Flames began to spin and circle in front of David!

Soon a huge vortex appeared. The vortex was very large, and it kept sucking away the surrounding earth's core fire in front of David!

"What's going on? How did a huge vortex suddenly appear?"

David was surprised when he saw this!

Seeing this, the Red Cloud Demon Lord said, "It must be that you absorbed the earth's core fire here, which changed the surrounding flame aura, so such a large vortex was formed."

"A river like this formed by underground magma is very violent. A little bit of material medium may change the current state."

After listening to the words of the Red Cloud Demon Lord, David heard the volcano!

A calm volcano will not erupt even if the magma is surging!

But if a stone is thrown into it, it may directly cause a volcanic eruption!

Now the same is true. David just absorbed the surrounding flame aura a little, and a huge vortex suddenly appeared in the magma river!

David saw that the vortex was getting bigger and bigger, and there seemed to be a void crack in the center of the vortex!

After these flames were drawn into the vortex, they all flowed away along the cracks in the void, and no one knew where they went!

Looking at the growing vortex, David decided to hide for a while, maybe the vortex would slowly subside after a while!

David resisted the suction of the vortex and kept swimming to the other side, but it was very difficult for David to walk!

Originally, his movements were blocked in this magma river, and now he was firmly controlled by the suction of the vortex. David could only grit his teeth and keep dodging!

But at this moment, a faint breath was getting closer, and soon David felt that it was the breath of the Ghost Face Sect!

"That guy actually found this place?"

David's expression tightened!

David didn't expect that Elder Tu would find him so quickly!
But just when David was ready to defend himself, he found that it was actually a ghost face!

The ghost face seemed to have life and kept approaching David!

Seeing this ghost face, David frowned. He knew that this ghost face would never appear here for no reason! It

must have been thrown into the magma river by Elder Tu, and this ghost face must be looking for him!

David looked at the ghost face that suddenly appeared calmly. He wanted to know whether this ghost face was thrown into the magma river by Elder Tu, or fell in by himself!

The ghost face kept approaching David, but when it was a distance away from David, it was suddenly sucked in by the huge whirlpool and disappeared in an instant!

After seeing the ghost face being sucked into the whirlpool, David was relieved. It seemed that this ghost face was not thrown into the magma river by Elder Tu!

David pulled away from the whirlpool and did not dare to absorb and refine the fire of the earth's core at will. He could only rely on these flames and use the true fire body to temper his body!

At this time, Elder Tu was waiting on the bank of the magma river!

Soon a breath came, and Elder Tu looked into the distance!

"This guy actually sneaked so far..."

Elder Tu raised his mouth slightly, he already knew David's position!

Just now, the ghost face approached David and directly exposed David's position!

At this time, David didn't know that his position was exposed at all. He was still immersed in the true fire body, tempering his body!

Elder Tu jumped up, and after reaching David's position, he plunged into the magma river!

Around Elder Tu's body, several ghost faces surrounded him, protecting Elder Tu from the flames of the magma river!

This ghost face is not afraid of the fire in the earth's core. Huo Yuanting and others also used ghost faces to send them through the magma river!

Chapter 4024

As Elder Tu continued to go deeper, his spiritual sense was also released to the extreme!

Now he can only know the approximate location of David. If he wants to capture David's exact location, he needs to use his spiritual sense to explore!

Although the distance of the spiritual sense in this magma river will not be too far, he already knows the approximate location of David, so this distance is enough.

Just when Elder Tu released his spiritual sense, he was instantly captured by David!

"fu**, this guy is chasing so quickly?"

David was shocked, and hurriedly put away his true fire body, frowned tightly, and then quickly went to a deeper place!

"This guy is so fu**ing annoying, you are lending me your body, I will kill this guy!"

Chiyun Demon Lord said to David!

"Come on, my body can't stand your tossing, and now I don't know when it can be completely restored."

David rolled his eyes at Chiyun Demon Lord!

He can't give the control of his body to Chiyun Demon Lord!

Chiyun Demon Lord is also addicted, always wanting to control David's body!

If there was no Daluo Jindian in David's sea of consciousness, it is estimated that the Red Cloud Demon Lord would have followed David to compete for control of the body!

At this time, Elder Tu also sensed David's breath, and immediately laughed and said, "Boy, you are only a fourth-grade Crossing Tribulation Realm, and you always want to fight with me. You can't escape, just surrender!"

David listened to Elder Tu's words, but he didn't say a word, his face was solemn, and he swam quickly!

Elder Tu was chasing behind. David had no way to perform the Fire Control Step in this magma river, so Elder Tu was approaching David quickly!

David had already used all his strength at this time, and the pain and discomfort brought by the flesh made David frown from time to time!

He would never let the Red Cloud Demon Lord control his body again in the future, the sequelae were too great!

Sensing the approaching Elder Tu, David gritted his teeth, his expression was very cold! In this magma river, David didn't know how many moves he could entangle with Elder Tu!

Especially when his physical body was damaged now!

But just when David was anxiously swimming forward, his body suddenly sank, and the whole person fell straight down like a boulder!

I don't know when, a cliff-like deep pit appeared in front of him. David didn't pay attention and his body fell rapidly!

David was shocked and tried desperately to swim upwards, but it was useless!

David could only turn all kinds of spiritual power in his body far away to resist the surrounding flames!

It was getting deeper and deeper, and the flames were getting more and more fierce. In the end, David found that the flames had turned black and red!

"Humph, you still want to avoid being chased by deep diving, it's too beautiful!"

Elder Tu thought that David was trying to avoid him and dived into the depths without hesitation! Little did he

know that David was also defenseless and fell straight down!

Elder Tu also dived down without hesitation. No one knew how deep it was here!

David fell down passively, while Elder Tu took the initiative to chase him down!

The two of them fell one after the other!

As the color of the flame became darker and darker, the flame became more and more fierce. Even though David had refined the fire of the earth's core and comprehended the origin of fire, he still felt the heat and a feeling of suffocation!

David could only desperately emit extremely cold ice flames to resist this unbearable feeling of heat!

And Elder Tu was not feeling well at this time. As he continued to dive, the ghost faces around him rotated faster and faster, and waves of heat began to constantly harass Elder Tu's body! Elder Tu

frowned slightly, looking at David who was still diving, and couldn't help cursing: "Damn it, is this guy going to kill himself?"

Chapter 4025

David gritted his teeth, his body falling rapidly, the flames around him became more and more fierce, and were constantly accompanied by flame vortexes!

When David felt that the speed of his body falling slowed down, he found that he seemed to have reached the bottom. One after another, huge flame vortexes, like the sickle of death, kept passing by David!

David tried his best to control his breath. Now it was hard enough for him to fight against the flames at the bottom of the magma river. If he was caught in the vortex, he would definitely be finished!

"Boy, I wonder where you can escape this time..."

Elder Tu's voice came!

David saw that Elder Tu was like a dog-skin plaster, constantly behind him, and now he was in front of him!

"I can't let you catch me, just give up."

After David finished speaking, he took a look at the flame vortex and resolutely went towards the flame vortex!

Elder Tu was shocked. He didn't understand why David would rather die in the flame vortex than let himself be killed!

As soon as David's body approached the flame vortex, he was immediately sucked in by a huge suction force!

Elder Tu watched with his eyes wide open, but he didn't dare to move forward. He knew that if he was sucked into the vortex of flames, he would definitely die!

"Humph, even if it's a corpse, I will take it back and ask the Demon Sealing League for a reward!"

Elder Tu snorted coldly and waited for David quietly!

The moment David was drawn into the vortex of flames, he took a deep breath, the spiritual power in his body suddenly turned, and the light of flames flashed in his eyes!

The fire source stars in David's body were flashing desperately!

Even though David's fire source power resisted frantically, he still felt that the whole person was about to be torn apart by this vortex of flames!

Elder Tu watched quietly outside, with a sneer on his face!

When David felt that he couldn't bear it anymore, he suddenly released the puppet!

He took off the fire spirit from the puppet! Without the Fire Spirit, the puppet was instantly shattered by the flame vortex!

With the Fire Spirit in hand, David felt much more relaxed, and a large amount of flaming energy was absorbed by the Fire Spirit!

Although the puppet was destroyed, David was still safe at the moment!

David also took a gamble and placed his hope on the Fire Spirit!

Otherwise, how could he take the initiative to enter the flame vortex!

David took advantage of this moment and hurriedly used the True Fire Dharma Body, and a figure appeared in David's sea of consciousness!

David's body also began to absorb the flaming energy, using these flames to temper his body, and at the same time, the figure of the True Fire Dharma Body became more and more solid!

David greedily absorbed the flaming energy, and Elder Tu looked at David, and he actually sat cross-legged on his knees, and was not shattered by the flaming vortex, and was stunned for a while!

He didn't understand what method David used to survive in this fierce flaming vortex!

And it seemed that the flaming vortex did not cause any harm to David!

As David continued to absorb the flames, the True Fire Dharma Body formed a vacuum around his body!

The huge flame vortex was slowly weakening, and it seemed that the vortex was about to disappear!

"Damn, it's really strange..."

Elder Tu was confused. He really couldn't understand what kind of ability David, a fourth-grade cultivator in the Tribulation Realm, had. He was not afraid of this flame vortex, and it seemed that the flame vortex was about to disappear!

However, Elder Tu was ready at this moment. As long as the flame vortex disappeared, he would immediately attack David!

And David also noticed that the flame vortex was slowly disappearing!

So his body kept moving, and the flame vortex also moved with David.

Chapter 4026

Soon, David merged with a huge flame vortex again!

Elder Tu was about to be mad at the sight. These flame vortices could have stopped David and prevented him from escaping!

But now, they have become David's amulet!

David looked at the flames spinning around him. At this moment, he actually liked it so much. This flame vortex was simply too perfect!

Using this flame vortex, David began to practice and escape at the same time!

Elder Tu could only watch, but did not dare to get close, because the huge suction of the flame vortex would suck him in!

Now he had to endure the attack of the flames on his body, and also avoid the flame vortexes that appeared from time to time!

The ghost faces around Elder Tu's body had already rotated to the limit at this moment!

"Ah....."

Elder Tu roared!

He could still watch David getting farther and farther away!

As a master of the Mahayana realm, he was played around by David, a little cultivator of the fourth rank of the Tribulation Realm. Elder Tu was so angry that he was about to vomit blood!

Soon, David's figure completely disappeared in the vortex of flames, and Elder Tu could no longer feel David's breath!

Elder Tu was going crazy, and he endured the discomfort of his body and continued to search in the deepest part!

But after searching for a long time, there was no trace of David at all, and the ghost face beside him had begun to shatter at this moment!

Without the protection of the ghost face, Elder Tu's body could not withstand the attack of the flames at all!

Helpless Elder Tu could only swim upstream desperately!

Suspended above the lava river, Elder Tu was extremely depressed!

All the disciples he brought with him were slaughtered, and he chased for a long time, but he didn't hurt David at all!

If this is told to others, who can believe it?

I, who am in the Mahayana realm, can't deal with a mere fourth-grade cultivator in the realm of robbery! No one would believe this no matter how hard you try!

But this is the fact. Elder Tu regretted coming to the Purple Flame Sect!

It would be better to let other elders come. He originally wanted to get some credit. When the Ghost Face Sect swallowed up the Purple Flame Sect in one fell swoop, his status and position would definitely rise!

But now, everything is messed up. If he can't kill David, he doesn't know how to go back and explain!

Looking at the rolling river of magma, Elder Tu's expression became more and more ugly!

"It seems that there is no way to report without making sacrifices..."

After a moment of silence, Elder Tu suddenly flashed a trace of determination in his eyes!

Then Elder Tu waved his hand, and dozens of ghost faces all came towards Elder Tu, and at the same time, these ghost faces issued bursts of shrill screams!

Dozens of ghost faces began to attach to Elder Tu's body, and Elder Tu's body was constantly expanding!

These ghost faces were of different shapes and hideous faces. They were all attached to Elder Tu, making Elder Tu look like he had dozens of faces!

The ghost face of Elder Tu slowly cracked from the center of his eyebrows, and then a stream of blood slid down his eyebrows!

Every ghost face greedily sucked the blood wherever it passed, while emitting a thick demonic aura!

Strange black flames swirled around Elder Tu.

Looking at the magma river below him, Elder Tu rushed down instantly!

This time, Elder Tu's speed was extremely fast, and he was not affected by the flames at all!

David was still at the bottom of the magma river at this moment, his body was in the middle of the vortex of flames, and this was the safest place!

But David didn't know whether Elder Tu had left!

But even if Elder Tu had the strength of the Mahayana realm, he couldn't stay at the bottom of this magma river for too long!

David was wrapped up in the vortex of flames and kept moving forward. As for where he would lead to, David didn't know!

He just wanted to get rid of Elder Tu's pursuit now!

Chapter 4027

But when David moved forward, he found that there was no way, and there was a rock wall in front of him!

The place where David fell was an abyss, and at this moment David actually walked to the end of the abyss!

At this time, David had no choice but to swim upwards!

When David swam upwards, he saw that the rock wall was burned into a very special crystal by the flames!

All of them were flashing red light, and they looked crystal clear and very tempting!

David reached out and touched the rock wall, and a thick flame gas poured into David's body!

David's eyes lit up, he didn't expect that there was actually pure flame gas stored in it!

If you use these crystals to temper the True Fire Dharma Body and enhance your own fire, it will definitely be twice the result with half the effort!

Thinking of this, David hurriedly offered the Dragon Slaying Sword and slashed on the rock wall with one sword, trying to cut off the crystal on it!

But David slashed it with several swords, and the rock wall didn't move at all!

These crystals are really too solid!

Being here and being burned by the flames for who knows how long, the crystal must be extremely strong!

Seeing that there was no way to take the crystal away, David could only quietly press his hands on the rock wall and absorb the flames in the crystal!

"This place is really magical. I feel like I've seen it somewhere..."

said the Red Cloud Demon Lord!

"Have you seen it? Where have you seen it?"

David asked hurriedly!

"I can't remember it. You know I have lost my memory and can't remember it. But if you let me control your body, maybe I can remember something."

The Red Cloud Demon Lord's thoughts were not hidden at all!

"Impossible, you'd better put away your little thoughts!"

David glared at the Red Cloud Demon Lord!

"Boy, let me have fun now. When I recover my body and return to heaven, I will definitely help you." The Red Cloud Demon Lord almost begged David!

"Bullshit, whether you can restore your physical body depends on whether I can find the remains you left behind. Don't think about my physical body..."

David shook his head and would never agree to it. This time, David's physical body was almost killed!

David ignored the Red Cloud Demon Lord, but quietly absorbed the flames in the crystal!

At the same time, the True Fire Dharma Body was constantly strengthening.

With the Supreme Fire Spirit in hand, David didn't have to be afraid of even the most powerful Supreme Fire Flame!

It was just that wasting the puppet made David feel a little sorry!

At this time, Elder Tu had already rushed into the magma river and kept groping in the abyss of flames. He had to find David's position!

At this moment, he was no longer afraid of the flames, and the ghost faces all over his body had helped him offset all the flames! As

Elder Tu kept groping, he soon reached the end of the abyss, and the red crystals on the rock wall also attracted Elder Tu!

Just when Elder Tu was about to take a look at the red crystals, he suddenly discovered that it was David who was absorbing the flames in the crystals above his head!

At this time, the flame vortex around David had slowly disappeared, and David had not yet discovered the existence of Elder Tu!

David could never have imagined

that Elder Tu would be under his feet! After all, Elder Tu did not have the ultimate fire spirit, and it was impossible for him to stay in the deepest part for a long time!

After discovering David, Elder Tu's breathing began to become a little rapid!

On Elder Tu's palm, a wisp of black flame kept circling and condensed into a sharp black long arrow.

Whoosh!

The long arrow shot out, instantly penetrating the magma, passing through layers of flames, like a meteor, heading towards David!

With a loud explosion, the entire magma river began to boil!

When the explosion dissipated, Elder Tu was surprised to find that David was still above his head, and it seemed that he had not suffered any attack at all!

Chapter 4028

At this time, David's face changed, and he quickly moved his hands away from the rock wall and looked at Elder Tu below!

David's forehead was covered with cold sweat. Elder Tu was already below him, but he didn't notice it at all!

Fortunately, David had just practiced the True Fire Dharma Body, so that his body was wrapped in the flames, so he was not injured by Elder Tu!

But this has scared David!

David rushed up quickly, holding his breath and concentrating his mind, suppressing his breath to the lowest. If he couldn't use his spiritual sense to explore, he couldn't see how far away he was in this magma river!

Elder Tu saw that he missed the attack and David wanted to escape, so he accelerated his speed to catch up!

In order to prevent David from escaping far, Elder Tu desperately stirred the magma river with his palms!

One after another, black fire surged, turning the entire magma river upside down!

In this way, David's escape speed in this magma river will be much slower!

Elder Tu was wrapped in the ghost face and was not stopped at all.

David felt the boiling magma river being stirred up, and his brows were furrowed!

He felt that Elder Tu was crazy!

If he did this, it would not take long for Elder Tu's spiritual power to be exhausted!

In this case, Elder Tu would also be affected and his speed would slow down! In

this case, it would be the same!

But just when David was thinking about whether Elder Tu was crazy, a figure suddenly rushed in front of David!

Directly blocked David's way!

David looked closely and found that it was Elder Tu!

However, Elder Tu was very ferocious at this time. His whole body was wrapped in ghost faces, and the ghost faces on his face were also separated from the middle. Blood kept coming out of his forehead!

And the blood that came out was instantly swallowed by the ghost faces on his body!

Seeing this horrible scene, David was a little confused!

He couldn't figure out what kind of skills Elder Tu was using! "Boy, I must kill you today. Because of you, I even used the secret method of our Ghost Face Sect."

"I'm afraid I will have to retreat for a hundred years to recover. If I don't kill you, I will not be willing..."

Elder Tu glared at David, wishing to swallow David immediately!

David didn't expect that Elder Tu was staring at him and would use any secret method to kill him!

I saw that black light condensed on Elder Tu's palm again, and then the black light suddenly exploded, blooming with countless brilliance!

In an instant, the area of dozens of miles where David was was shrouded!

It seems that Elder Tu was afraid that David would escape, so he controlled David first!

David felt the brilliance around him, and he knew that this time he was really doomed!

It was obvious that Elder Tu was determined to win and would not give David a chance!

David felt the brilliance that kept bursting out, and could only dodge in embarrassment!

However, as the brilliance continued to shrink, the space David could move in was getting smaller and smaller!

“Damn, this guy is really relentless...”

David cursed!

“Boy, give me control of your body now, I’ll help you kill him.”

The Red Cloud Demon Lord spoke at this time!

David ignored the Red Cloud Demon Lord. If he really let him control his body, although it would be possible to kill Elder Tu, David knew that his body would be destroyed!

Seeing that David didn’t speak, the Red Cloud Demon Lord continued to speak: “It’s okay if you don’t let me control you. You can’t escape like this. Try to use the flame vortex again...”

Hearing the words of the Red Cloud Demon Lord, David hurriedly looked over, but there was no flame vortex here.

At first, David was afraid of the flame vortex, but now he was looking forward to the appearance of the flame vortex!

“There is no flame vortex here...”

David said anxiously!

Chapter 4029

“Why can’t I be here?” Chen Xuan looked at Liu Rufeng with some displeasure.

“Because this bidding meeting tonight is hosted by my Liu family. Without my Liu family’s invitation, do you think you are qualified to sit here?” Liu Rufeng looked at Chen Xuan indifferently.

Hearing this, Han Chong on the side was unhappy. He scratched his ears and said, “I say, Liu Rufeng, you are one of the influential figures in Jiangdong after all. Why are you so stingy? What’s the matter? Are you bullying my brother because no one supports you?”

“Is this kid your brother, Han Chong?” Liu Rufeng frowned.

Han Chong glanced at him and said, “That’s not right. You, Liu Rufeng, are not qualified to be my brother, Han Chong, but he is qualified.”

“If Mr. Liu thinks he is not qualified, then he is the son-in-law of my Jiang family. I wonder if he is qualified?” Jiang Wushuang continued. Although she didn’t know what the conflict between Chen Xuan and Liu Rufeng was, she didn’t like the tone of Liu Rufeng’s words.

“By the way, if Mr. Liu minds his presence, my Xiao family will take him away now, and he won’t participate in the bidding tonight.” Xiao Yuhan also spoke, his tone was neither hot nor cold.

Seeing these three people speak up for Chen Xuan one after another, Liu Rufeng’s handsome face flashed a stiff look, how could this damn country bumpkin know these people? Just now he had been dealing with some things in the backstage of the venue, so he didn’t see the scene where Jiang Wushuang and Xiao Yuhan were “jealous” for Chen Xuan!

Moreover, he invited Qin Shuyi to the bidding tonight for a special purpose. Once Chen Xuan messed up the situation, all his efforts would be in vain.

“Mr. Liu, I wonder if I am qualified now?” Chen Xuan smiled, he was very happy to see Liu Rufeng’s frustrated look.

Hearing this, Liu Rufeng was furious. If he hadn’t considered the wrong occasion, he would have wanted to kill Chen Xuan immediately. With his strength, if he wanted to step on Chen Xuan to death, it would be like crushing an ant.

“Okay, if you say less, no one will think you are dumb.” Qin Shuyi glared at Chen Xuan and said to Liu Rufeng, “Mr. Liu, how is the bidding going? Is there any hope for our Jubao Pavilion?” “

Shuyi, don’t worry, I will take care of everything. By the way, let’s go inside alone to discuss the cooperation matters.” Liu Rufeng stood up and said.

Qin Shuyi nodded, she glanced at Chen Xuan, and said to Li Weier, “Weier, you stay here to watch him, I’ll go and talk to Mr. Liu about something.” (五)八一(六)0Chen

Xuan immediately stood up and said, “Ninth Master, I’ll go with you.”

With the intuition of a martial artist, he felt that Liu Rufeng definitely had no good intentions in calling Qin Shuyi over alone.

Qin Shuyi glared at him and said, "Don't make trouble for me, stay here, Weier, keep an eye on him."

After that, Qin Shuyi left with Liu Rufeng.

Chen Xuan frowned and was about to follow him. Li Weier grabbed him and said, "Boy, what do you want to do? Don't you even listen to your master's wife?"

Chen Xuan rolled his eyes and said, "Woman, I'm going to pee. Do you want to follow me?"

Hearing this, Li Weier, Jiang Wushuang, and Xiao Yuhan's faces suddenly turned red.

Han Chong stood up and smiled, put his arm around Chen Xuan's shoulders and said, "Brother, I'll go with you."

After that, the two of them slipped away.

"Chen Xuan, what's wrong?" Han Chong naturally didn't believe that Chen Xuan really wanted to go to the bathroom.

"I feel that Liu Rufeng, that little stick, has no good intentions. Let's go and follow him."

Han Chong thought about it and felt that it made sense.

Soon, the two came to a small private room. The charming female secretary who had just followed Liu Rufeng was guarding outside the private room, as if she was afraid that someone would go in. The box was blocked by a screen, and only some of the situations inside could be seen through the gap, but this did not bother Chen Xuan, and the two sat down not far from the box.

I don't know what Liu Rufeng and Qin Shuyi were talking about inside. Looking through the gap in the screen, I saw Liu Rufeng took out a bottle of red wine and poured a glass for each of them. However, while Qin Shuyi was signing some documents, Chen Xuan, who was looking through the gap, immediately found that Liu Rufeng put a white pill into one of the wine glasses.

Seeing this, Chen Xuan secretly thought that he was going to be in trouble. He didn't have time to think about it and rushed directly to the box.

Han Chong followed closely behind.

Liu Rufeng's female secretary was about to stop Chen Xuan, but was hugged by Han Chong.

Chen Xuan rushed into the box and saw Qin Shuyi was about to drink. He shouted; "Ninth Master's Wife, don't drink..."

Then he took the wine glass from Qin Shuyi's hand in one step, and then poured the glass of wine directly in front of Liu Rufeng and Qin Shuyi.

Seeing this, Liu Rufeng's cold face was a little scary, full of murderous intent; "Are you looking for death?"

"Chen Xuan, what are you doing?" Qin Shuyi was very angry.

"Master's wife, is there something wrong with this wine?" Chen Xuan also looked at Liu Rufeng with a cold face. If he hadn't noticed something strange and followed to see, who knows what would go wrong.

Qin Shuyi was really angry; "Enough, don't you think there aren't enough things tonight? Mr. Liu helped me so much, I just had a drink with him, what's the problem? Can you stop fooling around?"

At this time, Han Chong also walked in, followed by the charming female secretary; "President, I'm sorry, I didn't stop them."

Liu Rufeng's face flushed, and his murderous eyes stared at Chen Xuan; "Next time, I will definitely kill you!"

After saying that, he quickly left the box, as if he couldn't hold back something, and the charming secretary immediately followed.

"Are you satisfied now?" Qin Shuyi glared at Chen Xuan angrily and turned away.

"Dude, what's going on?" Han Chong was confused.

Chen Xuan ignored Qin Shuyi and squinted at Han Chong and said, "Let's go and watch a good show."

He just found that some parts of Liu Rufeng were actually thorny. This little stick must have taken medicine before. Now Chen Xuan knew what this guy was going to do even if he used his butt to think.

Soon, Chen Xuan and Han Chong followed Liu Rufeng to the bathroom, but just as they walked to the bathroom door, they heard a roar coming from inside.

"Damn bas****, how dare he ruin my good thing, I must kill him."

"Boss, it's all my fault!"

“Lie down, take off...” Liu Rufeng’s voice was unquestionable.

Chen Xuan and Han Chong looked through the crack in the door and immediately saw some things that were not suitable for children. Han Chong immediately took out his mobile phone to take pictures.

“Damn it, I must kill him!”

“I finally found an opportunity to drug that bltch Qin Shuyi during this bidding meeting, but he ruined it.”

Before he finished speaking, Liu Rufeng roared and ended the fight in the bathroom.

Seeing this, Han Chong and Chen Xuan looked at each other. Damn, the legendary second man, this is too useless!

Chapter 4030

Especially the surrounding flames, David felt no longer scorching heat, but a very comfortable feeling!

David’s body was emitting light at this time, and he was surrounded by red flames. The whole person was like an immortal descending to the earth!

And David also truly understood the true meaning of the True Fire Dharmakaya!

The True Fire Dharmakaya, to put it bluntly, is a Dharmakaya that grows up using the ultimate fire. This Dharmakaya is absolutely immune to any flame!

So when the Dharmakaya merged with David, the ultimate fire attack of Elder Tu was like a tickle for David!

“I don’t know if this True Fire Dharmakaya has any weaknesses, and now the True Fire Dharmakaya has not been fully developed, and I don’t know what intensity of ultimate fire it can resist.”

“But since there is a True Fire Dharmakaya in the Ziyang Sect, do other martial arts sects also have Dharmakayas of other martial arts?”

David was extremely shocked and guessed randomly!

He still knew too little about the True Fire Dharmakaya!

“This... what kind of martial arts is this?”

Elder Tu saw David like that, and he was not afraid of even his own ultimate fire attack!

Elder Tu was confused at this time, and his head was full of question marks.

He really couldn't understand how David, who was at the fourth level of the Crossing Tribulation Realm, could come up with some tricks from time to time!

He had never even seen these tricks, and he didn't understand them even more! He

originally thought that David was trapped in a jar and would definitely die, but what happened again?

Especially the red flames around David, which seemed to be much stronger than his fire!

“I am a cultivator in the Mahayana Realm, how could I be afraid of you, a small fourth-level cultivator in the Crossing Tribulation Realm.”

“No matter what kind of heaven-shaking methods you have, everything is in vain in front of the realm gap. I don't believe you can defeat me.”

Elder Tu didn't believe that David had the possibility of defeating him!

Although David's performance was surprising, his realm was here!

This kind of great realm leap can't be made up by one or two exercises!

Elder Tu roared, his two palms intersected, and dozens of ghost faces on his body opened their mouths at the same time, and black spiritual light continued to pour out, heading towards David at the same time!

David looked at Elder Tu at this moment, but he was no longer panicked!

At this moment, after fusing with the True Fire Dharma Body, he was like a fish in water in this vortex of flames!

This body seemed to be born for the flames. Only in this place can he feel comfortable and exert his greatest strength!

David felt like he was the master of this magma river!

Just when the attack was about to reach David, David, who was originally slow in action, suddenly disappeared!

Elder Tu was shocked and looked around!

“I’m here...”

David’s voice actually came from behind Elder Tu!

Elder Tu trembled, and when he saw David appear behind him, he was unbelievable!

You know, in this vortex of flames, it is difficult to move normally, let alone move as quickly as David!

This opportunity is impossible. The flame vortex has long distorted the void, and it has a huge suction force, which hinders the movement!

But how could David ignore this?

“You...how did you do it?”

Elder Tu’s pupils shrank and he asked in disbelief!

“My strength is far stronger than what you see. Do you think the Hundred Years of Offerings of the Demon Sealing League is so easy to get?”

“How many cultivators in the Heavenly Realm are eyeing me, but none of them succeeded. You don’t think it’s my luck, right?”

“All those who wanted to kill me have now been reduced to ashes, and you are no exception!”

David looked at Elder Tu coldly, slowly raised his palm, and a ball of red flame danced on David’s palm!
