Married At First Sight Chapter 3417-Mr. Labbe smiled on the phone and said, "I know you are jealous of your sister and Serenity, but I have to admit that they are smarter and more valuable than you."

Carrie: "..."

They are smarter, more valuable, and more capable than her, so why should he go to them? Why should he go to her?

Carrie was not yet willing to be his mistress. Her bright future was ruined by him, and he even blamed her for being useless and not as good as Camryn!

She didn't kill Camryn before, and now she regrets it so much.

"If you can't get in, leave quickly, and don't let anyone stare at you." Mr. Labbe said this and hung up the phone.

After he hung up the phone, Carrie scolded him profusely.

She appeared as the second Miss Newman; who would stare at her?

Camryn soon found out that Carrie was coming.

After hearing that her sister came and left, Camryn thought about it and called her people to wait for Carrie halfway to Wildridge Manor, regardless of being discovered by Carrie, and then follow Carrie to see who she has been hanging out with recently.

Camryn knew where she lived because it was the house Trenton rented for Carrie.

Trenton would not hide anything from Camryn, and he would tell her everything.

Camryn always suspected that Mrs. Labbe was Carrie. Their voice and figure were so similar.

It was just that face that didn't look like hers.

She didn't think she would have plastic surgery because the time was too short.

After instructing her people to keep an eye on Carrie, Camryn put down her phone. Serenity, who was sitting next to her, asked with concern, "What did your sister do again?"

“She came to the villa once, but the security guards wouldn’t let her in, so she left. I had people keep an eye on her. Every time she shows up, there’s a period of time when there’s no news about her. That’s when Mrs. Labbe is active.”

Elisa finished a piece of dessert and heard her say this, so she said, “You two suspect that Carrie and Mrs. Labbe are the same person. It’s quite a coincidence.”

“Their figures are very similar, and so are their voices, but their faces are different. When Mrs. Labbe appears, Carrie disappears.”

Serenity nodded. “There is no evidence to prove that they are the same person. If Carrie had plastic surgery, she would often come to trouble Camryn. That’s the point I can’t figure out.”

Bianca, who was accompanied by them, suddenly said, “There is a kind of human skin mask, which is very delicate. Once the human skin mask is pasted on the face, the face will be changed, and it is difficult to see the flaws. However, it is difficult to make this kind of human skin mask extremely realistic. There are many people who can easily see the flaws.”

“A realistic and exquisite human skin mask?” They looked at Bianca.

Bianca was a little embarrassed when they looked at her. She said, “You have all heard of the current wife of the head of the Lafayette family in Meadspring. She has one.”

“Carrie doesn’t know the wife of the head of the Lafayette family, and it’s impossible for them to have any intersection. The distance is too far. Carrie will not leave Wiltspoon except for traveling.”

Camryn was sure that Carrie did not know the wife of the head of the Lafayette family.

It was also impossible to obtain a human skin mask from the other party.

Serenity asked thoughtfully, “Bianca, is that particularly realistic human skin mask you mentioned very expensive?”

Bianca said, “It’s very expensive and hard to get. Even those without some skills can’t get it. You can ask your husband to see if he can get it. The ordinary kind, no matter how many you want, can probably get it for you.”

Bianca picked up the small plate of snacks and asked the ladies, “Do you want to eat some? I think this snack is delicious. I like it.”
