

Married At First Sight

Married At First Sight Chapter 3327-Serenity said, "I want to say that you are so nervous now. When I give birth, will you drive to the hospital by yourself like Elisa did?"

Zachary said seriously, "Don't compare me with Elisa; I don't know how. I will definitely be nervous if I am nervous, but I won't be so nervous that I forget you. I will accompany you into the delivery room."

Serenity: "Will you accompany me into the delivery room?"

Zachary: "Yes, I will accompany you into the delivery room when the time comes. No matter what happens, I will be by your side."

Serenity smiled sweetly.

Serenity: "Zachary, thank you."

Zachary: "Thank you for loving me so much and being so kind to me!"

Zachary corrected her again: "Call me 'husband'. I like to hear you call me 'husband'. I should be thanking you for giving birth to children for me. You are a great contributor to our family."

"We don't have to thank me anymore." Serenity smiled and fell into his arms, and he hugged her.

The happiness filled her heart.

Zachary was a taciturn man, but he now spoke sweet words in front of her.

He changed so much for her. He really doted on her.

More than an hour later.

Zachary's motorcade drove into Wildridge Manor.

Tania came out of the room with a look of nervousness on her well-maintained face.

She heard that her eldest son, Zachary, and eldest daughter-in-law, Serenity, were coming back, but they came back suddenly without announcing it in advance.

Tania was nervous, worried, and scared.

Afraid that something might happen to the children outside.

As soon as Zachary's car stopped, Tania stepped forward to pull the door, and the driver quickly unlocked the car.

Tania opened the car door, leaned in to help Serenity, and asked, "Serenity, are you feeling uncomfortable somewhere? Do you want to call a doctor? I'll ask Sam to call the family doctor right away.

Zachary, how do you take care of Serenity? You also said that you can take good care of Serenity. No matter how important the company's affairs are, they are not more important than serenity. Don't be busy with work, but also take good care of my daughter-in-law.

The same goes for your grandma. She wanted to move to your place. She looked at you two. Within a few days, she was running around again. She is still at the foot of the mountain, chatting with people about the mountains."

Tania didn't even give the young couple a chance to speak, so she first talked to Zachary.

Tania, who was worried about her daughter-in-law, even told the old lady.

After learning that Serenity was pregnant, the old lady said that she would move to Zachary's place, and she was worried that Zachary would not be able to take care of Serenity.

After watching Zachary take care of Serenity, the old lady knew that her worries were unnecessary. Her life had returned to normal, and she was no longer homeless.

Serenity finally took the opportunity to speak. She explained, "Mom, I'm fine. We just want to come back. We came back because of something. This is also our home. I really don't feel uncomfortable. Zachary takes good care of me. He is more careful and considerate than anyone else. If I hadn't experienced it personally and enjoyed the grace of my beautiful man every day, I wouldn't have believed that he is so attentive and considerate."

"You really don't feel uncomfortable?" Tania first touched Serenity's forehead with her hand, and her body temperature was normal.
