

Chapter 0585

"I'm glad you can't get pregnant until you're in heat. Cause I'm going to have an even harder time keeping my hands off you now." His light chuckle fans over my hair. He pulls me forward so we are face to face. He kisses me lightly and tucks loose, sweaty strands of hair out of my face. "I know you hate when I ask, but are you alright? Really?"

"Yes." I kissed him. "That was amazing."

"Sweetness? I know you're sore, but we are literally dying over here. Can you handle more, or do you want to rest for a little bit first?"

As soon as I hear his voice, my body is ready to go again. Clearly I am a machine, when I want to get laid.

I kiss the center of Cam's chest and taste the salt from his sweat on my lips and just that has me dripping again. How am I going to get through the day with these three? I push up from Cam's chest to look over my shoulder and the heat in Dakota's eyes is almost feral.

"I'm ready." I start to shift towards him.

"Don't f*cking move." I stop in my tracks, is he angry? He sounds angry. "Back down on your elbows, Smalls. I want that pretty ass up in the air for me."

I am still straddling Cam, what is he going to do with me like this? I can feel his large palms stroking the muscles of my ass, his thumbs getting dangerously close to an entrance I

don't think I want used. Not tonight anyway. I look back at Cam who is smiling, enjoying the show.

"Relax, Kota won't hurt you either, but we are all going to enjoy this."

I can feel Dakota right up behind me, running his hard shaft through my wetness and on my cl*t. I let out a moan at the sensation.

"Do you like that Sweetness?" He squeezes my ass with one hand while steadying himself with the other.

"Mm hmm." Yep. I'm back to stupid again.

He pulls back too far this time and I whimper at his loss, but stop quickly when I feel him line up with my entrance and thrust just enough to fit the tip in. My mouth drops open, with each thrust he goes just a little deeper, taking his time, but he never stops moving.

He continues to thrust at a slow, deep pace. Filling me up. This angle is so much different, but just as pleasurable. He starts to pick up speed and then I feel fingers circling my cl*t, the bundle of nerves were just waiting for the right stimulation.

"Come for us, Baby. Squeeze his c*ck just like you did Cam's." Just like that my climax rockets through me. My head flies back and I am screaming this time. At least I think it's me, but they don't let up until I am completely jelly and collapse back onto Cam and Dakota sandwiches me in.

"Oof! You are not a light person Dakota."

Cam's." Just like that my climax rockets through me. My head flies back and I am screaming this time. At least I think it's me, but they don't let up until I am completely jelly and collapse back onto Cam and Dakota sandwiches me in.

"Oof! You are not a light person Dakota."

"You love it, Sweetness." He kisses my shoulder blade but pulls off of me.

I roll off of Cameron and right into Oliver, who kisses my cheek. Then looks me in the eyes. "Let's rest a bit. I want you at full strength for me."

"No!" Just like with Dakota, hearing his voice has me wet all over again. "I want you now."

He laughs and kisses my nose. "Will you at least get something to drink, you've been working so hard for us."

I nod my head, only noticing I am thirsty when he mentioned it. I don't even know how long we have been up here.
