

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2976-Baam!

Following a loud sound, Leon was struck by Brahma's attack.

Though he had the Mirror of Sovereign to fend off all attacks in the SemiSaint State or below, Brahma's attack had too large a range and the Mirror of Sovereign merely managed to protect his chest area.

Under the impact, he was instantly sent flying.

Once he landed, Leon felt pain throughout his body and spewed blood from his mouth.

Luckily, he was powerful and managed to protect his body with his spiritual energy.

On top of that, his body was modified to possess superhuman defensive strength and recovery speed.

Though Brahma's attack injured him, he did not take much damage.

"Haha! Here I thought you were powerful. How disappointing!" Brahma burst into laughter.

With the Southern Boss's reminder, he already knew that Leon possessed a defensive tool in the Peak Almighty state.

However, the brass knuckles he had were in the Semi-Saint State, with their power rivaling that of the Saint State.

Leon's defensive tool could hardly compare to it.

With this weapon, he managed to catch Leon off-guard. With that, he broke past the defense of Leon's tool and injured Leon.

If he was not mistaken, Leon must have suffered critical injuries and would not be able to stand up again.

Once that happened, Leon would be at his mercy.

"That brat is finally out of the way!" "All hail Brahma!"

The Southern Boss and the Western Boss were overjoyed and beamed triumphantly.

They all thought that Leon would be severely injured as well and that he was helpless.

That was the only possible outcome.

Instantly, they all started cheering for Brahma.

“It’s over!”

“Mister Wolf is going to die.”

Contrary to their excitement, Angus, Levi, and the others, including Aris and Renee, were all devastated.

They predicted that Brahma was too strong an opponent for Leon and I wished he would escape.

Yet, Leon insisted on staying to fight Brahma.

In the end, what they feared happened. Not only did Leon lose, but he was also severely injured.

Now, he lost the chance to run and they all fell into despair.

However, what happened next shook them all.

“Brahma, get over yourself. You aren’t capable enough to injure me, let alone see what else you have.” Leon sneered and got up from the ground.

Apart from looking slightly shaken, he seemed unscathed.

The Ex Husbands Revenge Chapter 2977-“What? How’s that possible?” Everyone was stunned.

They all witnessed just how powerful Brahma’s attack was and thought that Leon would suffer great injuries from it.

To their bewilderment, Leon merely suffered mild injuries and managed to get back on his feet with no issue.

This was so surreal that they would never believe it if they did not witness it themselves.

“Great!”

“Thank the gods!”

Recovering from the initial shock, Angus, Iris, and the others were all overjoyed.

Iris, Roanne, and Renee, who were deeply in love with Leon, shed tears of joy when they saw that Leon was safe.

“No.”

“That’s impossible.”

Contrary to their reactions, Brahma and the others all froze.

None of them could understand how Leon managed to take such a powerful blow and remain mostly unscathed, nor could they accept what happened.

“Brahma, it’s my turn now. Just give it all you have or you won’t have a chance!”

Leon stretched his muscles to ease the soreness in his body, before striding toward Brahma.

“Don’t get smug, kid. If I can injure you, I can definitely destroy you!”

Brahma scoffed.

Though he did not know how Leon fended off his attack, he knew that his weapon tore through Leon’s defense.

With Leon’s defense dealt with, Leon himself was not much of a threat and Brahma assumed he could easily destroy Leon.

“Master Brahma, this kid is too formidable. Let US help you. The three of US will work together to take him down,” the Southern Boss said.

Like Brahma, he knew that Leon was likely in the Peak Almighty State instead of the Semi-Saint state.

The only trouble was the defensive tool in the Peak Almighty State and the fact that it even managed to fend off Brahma’s attack.

Now that Brahma broke Leon’s defense, Leon’s tool would soon be disabled or run out of time could be used.

He could not figure out how this tool could be so powerful, but that did not matter.

Without it, Leon would be like a tiger without its fangs and could not possibly rival Brahma.

Still, Leon had other tricks up his sleeves and to be safe, the Southern Boss intended to aid Brahma alongside the Western Boss.

This should be able to prevent any accidents

The Ex Husbands Revenge Chapter 2978-“Very well. Let US all work together to deal with this kid. Stall him and I’ll find the opportunity to finish him off.” Brhama nodded.

Though he already tore through Leon’s defense, Leon was formidable in both speed and strength.

Treasures could often only be used three times in a roll and the same applied to Brahma’s brass knuckles.

After the earlier strike, he had two strikes left, and given how powerful Leon was, that may not be enough to destroy him.

Both the Southern Boss and the Western Boss were in the Peak Almighty State, so their power was not all that inferior compared to Leon’s.

If the three of them work together, they could surely destroy Leon.

“Alright!”

“Kid, prepare to die!’ The Southern Boss and the Western Boss said.

Without giving Leon a chance to get any closer, they leaped into the air and each launched a powerful attack.

With their most powerful technique, Divine Kick and Phantom strike, they attacked from the right and left sides of Leon.

Baam!

Since Brahma’s treasure had two strikes left, he was not in a rush to use it and needed to find the perfect chance to attack.

Hence, he launched the Soul-Piercing Claw while working with the Southern Boss and the Western Boss to attack Leon.

“You’re finally all attacking at once!” Leon narrowed his eyes sharply.

Wary of what the Southern Boss and the Western Boss may do, he did not use his full strength as he needed to be prepared for the Southern Boss and the Western Boss may sneak up on him or attack Iris.

However, with both the Southern Boss and the Western Boss in the fight, this was exactly what he wanted and he could finally focus all his power to deal with the three of them.

Stepping forward, he executed the Phantom Steps and dodged the, Western, Boss's attack then reached both his arms out to counter the attacks from Brahma and the Southern Boss.

Baam! Baam!

Following two deafening sounds, Leon's attack clashed with theirs.

Since Leon's actual level was low and he did not use any technique, there was no way he could fend off their attacks, and was instantly sent flying.

However, he was prepared for it and flipped mid-air to shake off some of the impact. At the same time, he used this opportunity to distance himself from the three of them.

Once he landed, he stumbled backward from the impact of the attacks launched by the Southern Boss and Brahma.

The Ex Husbands Revenge Chapter 2979-"Now is the time! Southern Boss, Western Boss, let's attack all at once to take him down!" Seeing as Leon backed away, Brahma noticed this was the best opportunity to strike and signaled the Southern Boss and the Western Boss.

He was the first to activate his treasure and launched an attack with his brass knuckle.

An attack at the Semi-Saint State emerged from his fist and was sent directly at Leon.

"Take this, Divine Kick!"

"Phantom Strike!"

The Southern Boss and the Western Boss got the message and each launched their most powerful technique, combining their attacks with Brahma's.

The three attacks merged into one and charged toward Leon with tremendous force.

"It's over." The Thompsons and the others paled and their hearts sank at the sight.

Though they felt hopeful after Leon took a direct blow from Brahma, that hope soon turned into despair.

Brahma, the Southern Boss, and the Western Boss were powerful so this joint attack wielded more power and had a wider range.

Leon was just retreating and barely steadied himself, so he was in no position to dodge.

If everything went as planned, Leon would either die on the spot or suffer great injuries.

That seemed to be the only possible outcome.

"Kid, this is the end of you," Contrary to the devastation from the Thompsons' end, Rodney and Felton saw the chance for victory once again.

They all knew that Brahma managed to injure Leon and tore his defense.

With Brahma, the Southern Boss, and the Western Boss working together, their combined strength rivaled that of someone in the Saint State.

Even if Leon's defensive tool was still functioning, he could not possibly fend off this attack.

His luck ran out and he was doomed unless there was a miracle.

However, what happened next shook them to the cores.

"Brahma, let's settle this! Take this. Hurricane Break!" Leon scoffed.

He pretended that he was retreating under their attack precisely because he was trying to keep a distance to launch his next attack.

Everything went smoothly according to his plan and he was not about to show mercy to the three of them.

Reaching both his arms out, he exerted all his strength into his most powerful technique: Hurricane Break.

Countless streams of spiritual energy rose from all directions and joined together to form a terrifying together to form a terrifying hurricane that charged toward Brahma, the Southern Boss, and the Western Boss.
