The Ex Husbands Revenge Chapter 2980-Baam!

Following a deafening sound, Leon's Hurricane Break clashed with their combined attack.

The combined attack wielded a power close to the Saint State and it instantly snapped off the lower half of the Hurricane.

Leon did not panic and summoned his remaining spiritual energy to protect his body, before facing the attack with the Mirror of Sovereign.

When he was struck, he paled and backed away, before falling into the ground.

Still, the Hurricane Break was a spiritual technique in the Ultimate Power Class, it was far more powerful than the Earthly Plunder.

Since he exerted all his strength into the attack, the power of the Hurricane Break reached the Semi-Saint State, rivaling the power of the combined attack.

Being canceled out by the Hurricane Break, the combined attack weakened and merely caused Leon to fall without causing any actual damage.

Brahma, the Southern Boss, and the Western Boss, on the other hand, were not as lucky.

The Hurricane Break covered a wide range and their attack only managed to cancel the lower half of it.

The upper half of the hurricane was still charging at them at incredible speed.

"What, what on earth is this?" Brahma, the Southern Boss, and the Western Boss were all taken aback.

The three of them initially thought that they could easily defeat Leon since his defense was broken and their combined attack reached the power of the Saint State.

To their bewilderment, Leon managed to wield a much more powerful attack.

Not only did it fend off their combined attack, but it also continued to put them in danger.

This was so surreal that they were shaken to the core.

Still, it was not a time for them to be shocked.

They were powerless to counter the attack, and could only dodge around in an attempt to escape the Hurricane Break.

Unfortunately, the Hurricane Break held the strength of the Semi-Saint State and with them being in the Peak Almighty State, there was no way for them to escape it.

In the end, they were one step too late and were struck by Hurricane Break.

Baam! Baam! Baam!

Following three deafening sounds, the three of them were sent flying and slammed hard against the ground.

As soon as they landed, they felt a piercing pain in their, chest and all!

spewed blood from their mouths, before lying sprawled on the ground.

Luckily for them, they were all formidable martial artists and managed to dodge in time. Despite suffering great injuries, they were not in critical danger.
