

An Understated Dominance

Chapter 2331

At this moment, Celestial Alliance Lake View Villa.

Noemi was lying unconscious, her breath getting weaker and weaker.

Kassidy and Conor were anxiously circling beside Zizi.

As for Zizi, he was sweating profusely and panicking.

He continued to use his Underworld Crossing Acupuncture technique to try to save Noemi's life, but the effect was not obvious.

The Huqu Crossing Acupuncture Technique could only delay Noemi's death, but it couldn't make her get better.

Once Noemi truly dies, her life will be over.

"How's it going, Doctor Wang? What's Noemi's situation now?" Looking at Zizi, who was sweating profusely, Conor couldn't help but ask.

"I'm still trying my best to save her... I'm still trying my best to save her."

Zizi wiped his sweat and was a little confused due to excessive nervousness. If he were an ordinary person, he would just get by if he just tried his best.

But Kassidy had just issued a death order. If Noemi could not be saved, he would have to be buried with her.

After all this pressure, if you say you are not afraid, you must be lying. But now, he has no other good way but to try his best to make Noemi die slower.

"Mikayla, it's been so long; why haven't Grace and Dr. Rhys arrived yet?"

Kassidy looked at the time and looked particularly anxious.

"They should be here soon. I'll call to remind you."

Mikayla didn't dare to hesitate; she took out her mobile phone again and dialed Grace's number.

However, before the call was connected, two people had already entered the villa.

“No need to fight; we are already here.”

Grace and Dustin walked into the room in a hurry.
