

An Understated Dominance

Chapter 2374

He had always been cautious, and he had only met Tyson Houle once, from beginning to end. Most of the time, they communicated through encrypted calls.

Normally, he would not be exposed.

What was going on?

“Brother Fenley, are you kidding? Why would my father issue such a strict order?” Noemi frowned, finding it somewhat unbelievable.

“Yes, Brother Fenley, despite the senior brother Conor’s duty failure, his punishment was minimal.” Why is it so?” Cassidy was also very puzzled.

Initially, they believed that Fenley had brought in the law enforcement team to ensure their safety.

Later, they understood that the law enforcement team came specially to arrest Conor.

But they didn’t understand why Conor received such a severe punishment when he did nothing?

“The master has his reasons for giving such an order. As for why, you can ask Conor what good things he has done.” Fenley stared at Conor, his eyes full of coldness.

“Senior Brother...”

Noemi and Cassidy looked at Conor at the same time, their faces full of confusion and puzzlement.

“No, I didn’t do anything!”

Conor shook his head repeatedly, then pointed at Fenley and said sternly, “It must be you.

“You are the one who instigated discord and deliberately slandered me in front of the master. You despicable hypocrite!”

Fenley said coldly, “Senior brother, at this point, do you still want to quibble? If you accept your guilt now and make a fresh start, I can respectfully ask the master to lessen

your offense for the benefit of our fellow disciples. If you are still stubborn, don't blame me for being rude!"

"Bullsh*t! What crime can I commit? I am an open and honest person, and you should stop talking nonsense here." Conor shouted with his eyes wide open.

But at this moment, he was obviously not so confident.

"Senior brother, I wanted to save some face for you in front of Noemi and Cassidy.

"Since you are so stubborn, I will personally reveal your ugly face today."

Fenley spoke, then abruptly pulled out his mobile phone and played an audio clip.

Soon, Conor's voice rang in his hand.

"Hey! What did you do? I provided you with the address, sent out all the masters, and even pretended to be crazy to give you the opportunity, but what was the result? You couldn't even kidnap a single person. You, Pantheon, are really too bad!"

"Mr Conor, what happened today was purely an accident." We didn't know how to use the right people, which led to the plan's failure. We are indeed to blame, but please rest assured that we will try our best to make up for it and will never make mistakes again."

"Make up for it? How do you make up for it? After experiencing this incident, Noemi and Cassidy will only be more cautious, and they have already asked the sect for help. Tomorrow, more powerful masters will come to protect them. It will be extremely difficult to kidnap them again by then!"

"Mr. Conor, please be patient. We have already made arrangements. You just need to participate in the competition as usual. On the day of the finals, we will create a big event to plunge the entire Sacred Wyrms Summit into chaos. By then, it will not be too late for us to implement the kidnapping plan."

"Big event? What big event?"

"Sorry, this is confidential. I can't tell you for the time being. Please forgive me."

"Forget it; I'm not interested in your secrets, but don't forget our cooperation."

"Don't worry, Mr. Conor. Once this plan succeeds, we will definitely support you with all our strength and help you ascend to the position of leader of the Celestial Alliance!"
