

Married At First Sight Chapter 3433

Married At First Sight Chapter 3433-Clarissa continued, "Kathryn, I'm just letting you sleep. I won't kill you. I'm going to do something you don't like. I'm sorry; I embarrassed you. You are my daughter, and I made things difficult for you. If I hadn't done those things, you would have been able to develop well."

Clarissa took a tissue and wiped away her tears. Looking at her sleeping daughter, she sighed.

She knew that Kathryn was really exceptional.

But because of a mother like her, the daughter is conflicted and in pain.

Kathryn understood everything she should and shouldn't know.

Kathryn couldn't do anything because of her identity, and no one could criticize her.

Who said Kathryn was her biological daughter?

After looking at Kathryn quietly for a few minutes, Clarissa had adjusted her mood. She took Kathryn's cell phone from her and wanted to use Kathryn's cell phone to contact Pedro. Kathryn had set a password, so she tried several numbers, but none of them worked, so she had to give up using Kathryn's cell phone to contact Pedro.

Fortunately, she was the one in charge. Before Pedro came to Kathryn, he had no one to serve. She made arrangements for Pedro to serve as her daughter's assistant. Even after Pedro came to Kathryn, he immediately showed his special loyalty as an assistant.

It was simple for her to find out Pedro's contact information as the family head.

Clarissa quickly got Pedro's contact information from her assistant.

Pedro answered the call from Clarissa. He seemed to understand why Clarissa suddenly called him.

"Pedro, come to the Farrell family mansion." Clarissa gave the order in a deep voice.

Without waiting for Pedro to answer, Clarissa continued, "Kathryn has fallen into a coma. She won't wake up in two days. I don't trust anyone else. I'll leave her with you to ensure her safety."

Clarissa did not trust her husband and three sons.

It was true that Kathryn was their biological daughter and sister, but they had stronger feelings for Shiloh and were mostly dissatisfied and resentful towards Kathryn.

They even thought that it was Kathryn's existence that caused Shiloh to fall to her death.

If they were aware that she had drugged Kathryn, they would have taken action against her while she was away from home. Clarissa did not dare to take the risk.

Perhaps they did not dare to kill Kathryn.

However, they were able to arrange for a lustful and daring second-generation rich man to defile Kathryn while she was unconscious and lacked the strength to resist, making the situation inevitable.

"What happened with Miss?"

When Pedro heard the news that Kathryn was unconscious, he couldn't hide his nervousness.

Clarissa said, "I gave her some medicine, just to let her sleep; her life is not in danger."

Kathryn might not have slept for two days because she only drank a sip of water.

Pedro: "I'll be there right away."

"Okay." Clarissa immediately cut off the call.

At this time, there was a knock on the door outside the study.

Clarissa walked over and turned off the TV, then walked to the study door and opened it, but only a crack, allowing the people outside to see a little bit of what was going on inside, but not clearly.

Marco was the person standing at the study door, holding a tray with food that Clarissa had not touched.

Marco saw that his mother looked unhappy and seemed very angry. When his mother opened the door, he took the opportunity to take a quick look at the study.

This glance scared him.

He saw Kathryn lying on the desk, motionless, and there were broken cups on the floor.
