764 THEIR WORLD COLLAPSED (5)

The sound of it was very sickening and Grace had to close her eyes, but even so, she couldn't war d off the disturbin g sight and had to excuse herself to throw up, empty her stomach.

However, the alpha called her over to keep lady Cyan alive. How she could keep her alive when the alpha kept trying to kill her in the most horrendous way?

Eth an felt bad for Grace to have to endure this, but seeing Cane right now, it was not the right time

to argue with him.

"He couldn't do this, he needs to kill herright away!" Cedric said, even for him, the sight was really

disturbing and he wanted this to end immediately.

However, Jace stopped him."Stay away from this. This is the alpha's problem."

"This is our problem too!"Cedric insisted.

"I don't see how this is your problem whenyou didn't even do enough to help if this is really yours." Jace hinted to the fact the Holy Kingdom's unwillingness to cooperate with them about the problem with the Decratic was one of the reasons why its hindrance their movement.

Yes, they helped during the first battle with thousand of their knights and the battle after that, but

then they needed a solution not a long ass battle!

And their non cooperation stance, was pain in the ass!

"If this is not for our alpha's brilliant idea,

we would have been annihilated by now. So, stay away from this and let our alpha deal with this

mess." It was a rare occasion to see the beta became passive aggressive, thus it stunned Eth an and Redmond too.

They didn't think Jace was a softspoken person, but it was not often for him to show his displeasure

"Tell me what happened while I am away,"Redmond said, as he dragged Ethan to fill him in with what had transpired all this time."How is Iris?"

Ethan's face turned very dark.₩Ŵw.nó(ᢦ)&&worm.coM

Meanwhile, Grace's face was not better too. She felt very sick in her stomach to watched how her alpha cut off both lady Cyan's ears and then her legs, while Grace tried to preserve her life.

Cane didn't want lady Cyan to have an easy death, but at the same time, he didn't want her to live for any second longer, more so, he didn't have time to give her a slow torture that would lead her to

Therefore, this method was perfect, since she was not a shifter that could heal herself.

Once again, Grace had to excuse herself to throw up. Jace helped her by covering her eyes and

Lady Cyan kept screaming in pain, crying when the alpha skinned her alive and humiliated her by

ears, but it didn't help when she could feel the stickiness of blood from lady Cyan and the smell of it. More so, even when the beta covered her ears, she still could hear her painful wailing, until it stopped.

Jace released her ears for Grace to hear Cane's order.

"Save her."Cane had not yet done. He wasonly halfway skinning her and he wanted lady Cyan to be

alive until he was done.

Grace tried, but she shook her head."I-I- I can't..." she said, trembling with her eyes closed.

Grace did what she was told, but the end result was the same."I-I-I-I can't alpha... she is dead."No

"Try harder."

matter how powerful her healing power was, she wouldn't be able to revive the death with it.

Only then, Cane let go. Grace had reached

her breaking point and Cyan died in the most miserable death Cane could think of right now, though he was not satisfied yet. He wanted to torture someone more to vanquish his anger. His heart couldn't calm down and he felt very vindictive at this very moment.

"Cane..." Jace came to Cane when he hadmade sure Grace was fine. The other warriors helped her

to go back to the pack. "I will take Gallot and Nolan to thedungeon." He didn't know what to do with

them, since Cane ignored the two and walked past them to go to the carriage, where Aria was still screaming.

Therefore, he suggested this, he wanted to know what Cane would do with the two alphas. If he didn't say anything, he would bring them to the dungeon and wait for him to deal with

Hearing that, Cane stopped walking and glanced at his beta. His expression was the same, as if his face would be forever carved like that.

"Nail them to the pack gates. Stripped themnaked and pour water on them." After giving his

instruction, Cane walked away toward the carriage.

Pouring water on them in this weather would be a torture, aside from the fact they were being nailed

to the gates. Even so, it would be enough to kill shifter, since they naturally had hot blood.

"Oh..." Cane turned around as if he forgotsomething. "Put his son's head in front of him."

Nolan would be insane to watch his son's head.

The alpha was being generous, right? Nolan wanted to see his son and he gave it to him.

Not only Cane wanted to torture them physically, but he also tortured them mentally. At least, alpha

After giving the order, Cane went to see Aria. He asked someone to drag her out of the carriage and bring a box.

Once Aria saw Cane, her screaming stopped, but she started sobbing instead and tried to crawl away from him.

yet she was shocked to see the extent of the massacre that happened.

She was sure that the Howling Wolf pack would only be a history once the next morning came, but apparently it was not the case.

Her dress was too long for her without her legs and the sleeves were empty without her arms there.

She avoided Cane's sharp eyes, being self aware with her current condition and tried to get away,

Cane had pulled out his ultimate move and this was fatal.

His warriors confused, but they did what they were told.

"Cane!"Aria cried. "You make my lifemiserable!How can you do this to me? Are you happy now?

After all I have done for you! After all the horrible things that I did, you threw me away like a thrash!"

because with the same eyes also they witnessed this woman should have died more than a year

Currently, Cane only stared at her before he put his feet on her dress, trapped her so she wouldn't

be able to escape. Yet, the alpha said nothing, he only stared and stared at her.

Everyone grew silent, they still didn't believe their eyes when they saw Aria,

up in different place, different situation.

That 'what if'kept playing in his head.

And the fact she was still alive was really disturbing, especially to see her condition right now.

Tears streamed down Aria's face, as she felt wronged by the way Cane treated her. She had done

"What else do you want from me?!"

It was a pity that Aria was no longer have her arm to wipe her tears because right now, she was a

Months ago, Iris had asked Cane why he couldn't kill Aria. It was not that he had not yet killed her. He did order her death

punishment, but indeed, he didn't do it directly and Iris questioned him why he didn't kill Aria when

they met again, after she brought Arthur and Mal's heads to be presented for Cane.

She might have found someone that would truly cherish her and live well.

But right now. With his numb feeling, let alone guilt, he didn't even feel a tidbit of pity for Aria. He stared at her coldly, as if she was a stranger and they didn't even know each other.

"Don't you try to hurt me!" Aria was scared, she knew that cold look in Cane's eyes. That was the

same look that Cane would give to Gerald. Had she fallen into the same level like that monster now in Cane's eyes? "Dexter will kill you if you hurt me!"Aria wasdesperate."I can't die! No matter what you did,I will not die!So, it will be useless and wasteful!Don't come closer!Dexter will kill you if you hurt me!"

In her desperation, Aria called for Dexter, because she knew he was the only man who gave a damn about her.

However, Cane knelt in front of Aria, his eyes fixed on her when he finally spoke.

"My mate also told me to kill you if we metagain and I promised her that."Cane did not lie. He grabbed Aria's hair and cut her neck with the black wisp. It was a clean cut.

However, for everyone's horror, the head was still screaming, even though it had been separated

Cane stood up, his hand was still grabbing Aria's head by her hair and asked for the box he had requested earlier, he threw the head inside.
