

An Understated Dominance

Chapter 2448

“Oh. And then?” Noemi said with a blank expression, a flash of disgust in her eyes.

Bill Wolf emphasized his noble identity as if he was afraid others didn't know.

It was really off-putting.

“Hmm?” Bill Wolf was taken aback by Noemi's indifferent reaction.

He thought Noemi would greet him with a smile, but she looked indifferent.

Wasn't it said that women in Dragonmarsh were easy to charm?

“Beautiful lady, there is a saying in Dragonmarsh that meeting is fate. Since we have met, can we have a few drinks together?” Bill Wolf smiled and invited again.

“Not interested, please go back.” Noemi refused.

She had seen many handsome men and had no good impression of self-righteous guys like him.

Besides, in terms of appearance, Bill Wolf was not as good as Dr. Rhys.

“Beautiful lady, I just heard that you like to drink. I happen to have some precious wines at home. If you're interested, I can give them to you to taste,” Bill Wolf said, still trying to tempt her with wine.

“No, I suddenly don't want to drink. I have no appetite,” Noemi said impatiently.

Didn't this person have any self-awareness?

She had already refused, but he was still pestering her, which was really annoying.

“Hey, my sister is not interested in you. Can you please not disturb our meal?” Cassidy said directly, trying to drive him away.

The two sisters were often hit on. Normally, if they refused once, people would leave.

But this foreigner, Bill Wolf, was persistent and shameless.

“Hahaha... Bill Wolf, I didn't expect you to be humiliated.”

Seeing Bill Wolf being driven away, Black Kong, who was sitting at the next table, couldn't help but laugh, his face full of glee.

He had always been a little jealous of Bill Wolf's looks because beautiful women often threw themselves at him.

Seeing Bill Wolf humiliated made Black Kong very happy.

"Shut up!"

Bill Wolf turned around and yelled, then looked at Noemi again, his eyes becoming dark: "Name a price. How much do you want to come with me?"

Since seduction didn't work, he tried money.

As the son of Dark Monarch, he had everything—power and money.

"Bang!"

Before Noemi could get angry, Cassidy suddenly slammed the table, stood up, and said angrily: "Hey! Don't you understand what people say? Get out of here, or don't blame me for being rude!"
