### Chapter 441 Only You

As if fireworks were dissipating in the night sky, there was only endless loneliness left in Braden's eyes.

"I also know that I am not quite a romantic person. I am usually cold and don't know how to give you a surprise. I only focus on my job and don't know how to please you. I can't provide you with emotional support. So ... you are tired of me and want to leave me, right?"

Braden lowered his head as if he had been wronged. His voice was soft and his eyes looked pitiful.

"Look at you. You did it again. I am not tired of you."

Shirley said to Braden impatiently, "Aren't we getting along well? Can you stop being sentimental?"

"I'm not sentimental. I just want to solve the problem. I feel that there is something wrong with you..."

Braden held Shirley's hand and said with deep affection and determination, "I don't want any more misunderstandings between us. If you think I didn't do well enough, I can change."

"You didn't do anything wrong. You are awesome."

Shirley was inexplicably annoyed and said in a strange tone, "And you are quite good at flirting. You can drive a plane in the sky and give me such an unforgettable experience. It seems that you're experienced at it. That is so romantic!"

Shirley wanted to ask Braden who else he had taken to the plane and experienced the stimulation with, but she didn't ask.

She did not want him to find out that she was the kind of woman who got jealous easily, and on the other hand, she was unwilling to face his answer. Therefore... She could only keep it in her heart, and vent her anger on Braden!

"I am not experienced, but I try my best to think of ways to make you happy..."

Braden didn't realize Shirley's meaning. He even thought that she was praising him, and he was instantly in a good mood.

Braden put his arm around Shirley's shoulder, his lips pressed against her ear, and his voice was low and ambiguous. "To be honest, I listened to Dr. Bonner's opinion and learned many postures in sex systematically. I even asked Keith to teach me how to be a romantic man. Therefore, the sex on the plane is just the beginning. In the next few days on Sunflower Island, you will be satisfied with my performance."

'Well..."

Shirley was stunned at first, but then she couldn't control herself and laughed out loud. "Chastity is the best gift a man can give to a woman. You are so pure and innocent and abide by morality. How could I dislike you?"

'You really don't mind it?'

Braden was serious.

It could be seen that Braden was not playing tricks. He really cared about this matter, or rather, he cared about how Shirley felt.

This made Shirley embarrassed to laugh again. She tried to be serious and gently stroked Braden's head. She patiently coaxed, "Don't be stressed. You performed very well. Although you don't have much actual experience, you have a lot of theoretical knowledge. And every time you put in all your heart. You are much better than those playboys. I really don't mind."

A pure and innocent man is really good. Not only is he pure, but he is also especially good at reflecting.

When he encounters problems, he will never throw the blame away. He will only question himself. He is better than countless arrogant men.

Shirley felt she was lucky!

"Don't worry, you will be skillful the next time. After experiencing it many times, you will be able to handle it with ease. You must have confidence in yourself. You are talented. You are born to be stronger than those men!"

Shirley held back her laughter and said seriously as if she was Braden's mentor.

"Those men?"

Braden's voice was as cold as ice in an instant. Just now, he looked like a little puppy who had been wronged. But now, he was like a demon in the dark night. It seemed that he would devour his surroundings at any time.

Braden lifted Shirley's delicate chin. His eyes were sharp and cold, and he smiled playfully. "Do you mean you've had a lot of men?"

Shirley wasn't afraid of angering Braden at all. She solemnly counted her fingers and said, "Let me count. One, two, three..."

Shirley continued to count.

Braden looked furious.

'What is this?'

Braden picked up the lipstick in confusion. After studying it for a long time, he realized that it was  
lipstick.

Shirley crossed her arms and said angrily to Braden, "Stop pretending. This is found on the plane. Don't tell me you haven't seen it before."

'I really haven't seen it before. I thought it was lighter. To be honest, is this not a lighter?'"

Braden furrowed his eyebrows and focused on looking for a press valve. As a result, his finger was wearing lipstick and he looked like a silly man now.

Shirley was speechless.

She rolled her eyes.

However, it seemed that he was pretending to be at a loss.

'I remember...'"

Braden's handsome face tensed up and he said unhappily, "It must be Keith who brought girls up here and didn't clean them up!"

"Keith?"

Shirley was skeptical. "Isn't he lovelorn? Isn't he a scapegoat?"

"He isn't lovelorn, but it is a relief. Otherwise, I wouldn't have lent him the plane to have a party to celebrate."

Braden snorted coldly. "If he had listened to me and broken up earlier, he wouldn't have been tortured like this. His girlfriend is not suitable for him!"

When Shirley heard this, her gossip curiosity burned fiercely. She asked, 'What exactly happened? Tell me."

Braden felt funny. He held up Shirley's tear-stained face and looked at her lovingly.

“If she wants to jump, let her jump. It has nothing to do with me!”

After Keith said this expressionlessly, he pulled over the quilt and covered himself properly like a cake in a powder box.

“But, but Ms. Palmer can’t swim, and I can’t swim either!”

Outside the door, Robert was so anxious that he was sweating. “Oh no, Ms. Palmer seems to be in danger... Help! Help! Is there a lifeguard?”

The hotel on Kapalai Island was made up of detached wooden villas, but the soundproofing wasn’t good enough.

So, the hotel staff and guests immediately noticed that Alice had jumped into the sea. It was noisy outside.

“So annoying!”

Keith could no longer sleep without distractions, or... Actually, no matter whether it was noisy outside or not, he had been thinking about Alice from the moment she came to meet him, so how could he fall asleep?

Keith casually took a pair of beach shorts and put them on. His muscles were tight and he was tall. Like a model, he exuded natural charm. His messy hair emphasized his unrestrained temperament.

Keith and Braden were both dazzlingly handsome. Needless to say, they were different than the others.

Therefore, when Keith opened the door of the wooden villa, the people outside who were originally chattering suddenly quieted down and automatically gave way to him.

Robert suddenly breathed a sigh of relief. “Mr. Guerra, you finally walked out. Go and save Ms. Palmer. Only you can save her. She doesn’t allow other lifeguards to get close to her!”

“Such a bother.”

Keith said disdainfully as he warmed up himself. Then, he expressionlessly walked along the wooden corridor to where Alice jumped into the sea.

Without a word, he plunged into the sea.

Alice thrashed around in the sea. Her hair and clothes were all wet. She refused any lifeguards to approach her. Only when she found that the person swimming towards her was Keith did she stop struggling.

Chapter 445 He’s Fed Up With Her ‘What?’”

Keith looked at the pretty girl leaning on him in astonishment. He felt complicated. Not only was he confused ... he even wanted to laugh.

What was their relationship?

The last time he met this girl was at a gathering of famous families. They quarreled about whether Braden and Shirley should get back together or not. They were so mad at each other at that time. His arm, which had been scratched by her, had just started to scab.

If this could be considered a “relationship”, it was indeed very special.

‘What are you standing there for? Dear, say something. Don’t make me look like a mistress...’

Nancy really enjoyed making fun of the two and kept adding fuel to the fire. Her actions and words were extremely exaggerated. She even pinched Keith’s arm.

When she touched his arm, she thought, tsk, this man was really strong.

Alice's eyes became even redder, and her eyes were filled with tears. She bit her lips and said, "Yes, Keith, tell me. No matter what relationship you guys have, I can accept it. Don't... don't make me look like a mistress."

'Well, you can accept it, right?'

Alice's words were like a tiny needle, piercing Keith's heart.

In these four years, he sincerely and carefully protected Alice. Like a simp, he changed his ways every day to make her happy.

In the end, Keith and Alice were intimate but not in romantic ways.

She called him Keith. She would hold his hand and lean against his shoulder. When she was happy, she would even kiss him. However, she just did not want to confirm their relationship.

After four years of being a simp, he was fed up with her. He did not want to waste his time on making her happy.

Chapter 446 The Most Affectionate Person

In the room, Nancy seemed to have seen a ghost, and she was separated from Keith immediately.

Hearing Alice crying and shouting outside, Nancy was shocked.

"Keith, you bastard, why did you ignore Alice? The rumor said you have been always affectionate to her. Why have you suddenly become so coldblooded and heartless?"

Keith crossed his long legs and casually leaned against the door. His beautiful chin was slightly raised, and he looked at Nancy sloppily. "Didn't I say it very clearly just now? You are my true love. I can't neglect you just because of her."

"Yuck!"

Nancy could not help but make a vomiting expression. She punched Keith without saying anything and said angrily, "Don't go too far. I just had my breakfast. Don't let me vomit."

Nancy thought, ha, I'm dying of laughter. Keith can't take a fancy to me.

We are both the decedents of the top eight families in Seatie City. We have known each other since we were young. Although we didn't interact much, whenever we met, we could not get along well.

Nancy hated Keith acting like a playboy, while Keith didn't agree with Nancy's idea about loving.

If they talked about Braden and Shirley, they could even fight.

"You are just like what I remember. You are devoid of romance. No one could fall in love with you."

Keith shook his head helplessly. Then, he strode to the bed and pressed the walkietalkie. He said to his subordinate, Robert, "Take good care of her. I don't care what you do. Don't spread anything about what happened today. Otherwise, her career will be ruined."

"Okay, Mr. Guerra. You don't have to worry about this. I know what to do."

#### Chapter 447 I Don't Like You

The atmosphere was extremely ambiguous, and the two of them were about to kiss. Nancy suddenly came back to her senses and fiercely kicked Keith out of bed. Then, she stood up.

"All men are bastards, not to mention that you are a good friend of the super jerk Braden. You will be worse than him."

Keith was not angry. He half-sat on the carpet, supported his body with his arms, and revealed a sloppy smile. "I am very pleased that you have such awareness. Remember not to fall in love. This thing is deadly."

The two of them bade farewell and each took a plane to Kapalai Island near Sunflower Island.

They did not know that their destination was the same. They first took the plane to a place near Sunflower Island and then contacted the private speedboat to go to the island.

The speedboat to Sunflower Island was only in the morning and night, so the boat would usually wait for all people to arrive before leaving.

Nancy arrived at the dock first and sat in a simple cold drink shop. She was getting impatient from waiting.

"Captain, can we set off now? I'm in a hurry!"

Nancy was wearing a cowboy hat. Her delicate features were mostly covered by sunglasses. The Bohemia-style small sling belt was embroidered with mysterious patterns which were in harmony with the blue sea and the tropical forest.

The captain ran the ship all year round and his skin was tanned. At a glance, he was attracted by Nancy. He spread his hands helplessly. "I'm sorry. I also want to go.

Unfortunately, that customer paid me too much. I have to wait for him."

"I can double the amount he paid you."

Nancy was the most beloved daughter of the Parker family. She had never lacked money since she was a child. She immediately said generously, "How about this? I whole boat. Give back three times the amount of money that man will set

Nancy firmly said, "The place I want to go is my friend's dreamland. She won't tell outsiders about that place. How can that jerk know that? Are you fooling me?"

Keith looked calm and smiled meaningfully, "Is it possible that your friend didn't treat Braden as an outsider?"

"If she didn't treat him as an outsider, then she must treat him as an enemy. It is even more impossible for her to tell her enemy about her dream place. So there must be a trap!"

"Why don't you call your friend and ask about it?"

Keith put his hands in his pockets and kindly reminded her.

Nancy frowned. After hesitating for a long time, she took out her mobile phone and said aggressively, "I will call her now and expose your conspiracy."

Keith raised his eyebrows and gestured for her to make a phone call. "Alright. Go ahead."

Soon, Shirley picked up the phone. When she learned that Nancy happened to be with Keith, she almost screamed on the other side of the line.

Shirley shouted, "Oh, my dear, there are a total of 197 countries in the world, but you can still meet each other. What a wonderful fate. Hurry up and be together with him. This is fate."

Nancy was stunned.

Shirley said, "Don't dilly-dally. Hurry up and go to the island. The children, their father, and I have already prepared a welcoming banquet for you. We are waiting for you!"

Nancy said, "Their father. Who is he? Could it be..."

Shirley replied, "Alright. The reception is poor here. Hurry over with Keith. I have to go."

Nancy said, "Wait... hey!"

A beeping sound came from the other side of the line.

Keith smiled and said calmly, "Got the answer now? Is there a trap?"

Keith walked towards Braden and looked at the sweet couple. A serious and deep

good for you! You are back together while I was on vacation. Skills are nothing

Braden was in deep love. It seemed that he was possessed by Venus. He was not as  
cold and unreasonable as he used to be but had an aura of love and peace.

"Don't tease me. I'm sincere enough. That's why Shirley came back to me. Remember  
that sincerity is a killing move in a relationship!"

After he finished speaking, Braden hugged him with one arm and whispered, "Nancy  
is a good girl with integrity and honesty. She is much better than Alice. Grasp your

opportunity. Don't let me lose face in front of my wife."

Keith raised his eyebrows and suddenly came to a realization. "This is your real intention, right?"

"Are you not satisfied?"

Braden frowned slightly and said in a dignified manner, "My wife is such a wonderful girl. Thus, her best friend must be great. Don't tell me that you dislike her?"

"It's not that I dislike her. It's just that I'm surprised by how henpecked you are. I'm known as the No.1 simp in Seatie City. But you totally beat me."

Keith was amused by his henpecked friend.

Chapter 450 Not Afraid To Lose Anything

“Well, how should I put it? Honestly, I don’t know why it became like this...”

Shirley held onto Nancy’s arm and let out a long sigh. She told the truth. “I had made up my mind to stay away from him forever. However, things change. He is tricky and bold. I planned to pretend to accept him and hoped that he could get tired of me.

However, as time passed by, he seemed to be ... not bad.”

“Not bad?”

Nancy poked Shirley's forehead with her index finger and said emotionally, "You must have forgotten how badly he hurt you four years ago and how you have been struggling through the past four years with the two kids.

Have you forgotten it all?

Moreover, he is quite emotional and indifferent. Now he is obedient to you. However, he might turn against you and hurt you someday. He might also take Ally and Ben away from you. Have you thought about it?"

"Yes..."

Shirley's delicate face was slightly dim, but soon her eyes were filled with confidence.

"People in true love shouldn't be afraid of losing anything. I accepted his passion when he loved me, and I also prepared myself well for how coldly he would treat me. To me, he is the icing on the cake. What's important is the cake itself. Icing is dispensable."

Nancy helplessly rolled her eyes. "That makes sense. I got it!"

Anyway, she knew she couldn't change Shirley's mind. Both Shirley's IQ and EQ were high. She convinced Nancy quickly.

"However, have you ever thought about my brother's feelings? If he knows that the goddess he has protected for four years is back with that demon, he will go crazy!"
