

### 36. Escape?

Evelyn was packing her bag. Henry sent all the household staff home early. He didn't want to take any risk.

Ⓐ

She finished the packing and sighed, she was scared, really scared but the feeling of getting free from the storms gave her a little confidence.

Ⓓ

Still she couldn't believe that someone lost their life because of her. A tear escaped from her eye. She shook her head "focus" she mumbled. She hurriedly change her clothes.

Ⓒ

Ⓐ

Henry knocked on her door "come in" she said zipping up her bag. He entered inside "sweetheart did you packed everything, you need help?" Henry asked "no dad its alright i finished it" she said "good, we're leaving in few minutes" he said and she nodded.

Ⓓ

-----

The storms were working in their o ice. Ace completed the paperwork and closed the file. Noah was working on his laptop and elijah was attending a meeting.

Elijah entered inside the o ice and sat on the chair with a sigh. "How was the meeting" noah asked while typing on the laptop. "It was good, that project was profitable so i agreed for the investment" he said removing his suit jacket. Ace and noah hummed in response.

Elijah's phone went o , it was o icer clark who went to evelyn's school for kyle's case. "Yeah" said elijah.

"Sir everything is done, no one will bother mam for that boy's case" the o icer said though he tried to sound confident but still his voice showed fear.

"Good job, anything else we need to know" elijah asked. "No sir" he replied.

"Hmm" elijah said and cut the call.

"That o icer called he said that they won't gonna bother puppy for this case" he said tossing his phone aside. Ace looked up "good" he said and noah nodded.

"I want to talk to her" ace suddenly groaned, it was getting frustrating for the storms not being able to see or talk to her.

Ⓐ

A er that night evelyn was so scared of them that whenever they came to see her she started to hyperventilate.

If the situation was di erent they wouldn't have given a fuck and still would have forcefully made her stay close to them but right now it was about her health.

Ⓐ

Even when they called her she started to cry uncontrollably. Evelyn's mind was still traumatized from that incident.

Their anger was increasing day by day. They tried to put their focus on work but it was no help. Other people around them were facing their wrath.

Ⓓ

Even a single thought of her and they started to get even more frustrate. Noah's jaw clenched, he slammed his laptop on the floor in his anger, elijah and ace remained completely unfazed, a erall they too were trying to control themselves.

Ace's phone went o , "this better be important" he sneered. He checked the caller ID it was jack.

"Speak" ace said in a monotone way.

"Sir"

Evelyn went downstairs, it was getting dark outside.

"Dad" she called henry who was looking down at his phone.

"Yes princess" he said looking up. "W-Who are they" she asked pointing towards the window, she saw many huge men standing outside. "Don't worry evie they are our guards, i hired them. They're going to follow our car till we reach airport" he said. She nodded, this gave her a lot of comfort.

Ⓐ

"Mr. Winters" one of the guards entered "everything is clear outside" he said "good" henry replied. He made them check outside and look for anything suspicious.

Ⓓ

The driver loaded their luggage in the car. Evelyn and henry settled inside.

Its been couple of minutes since they started their journey to airport. Evelyn couldn't deny the fact that she had this unsettling feeling inside her as if something bad is going to happen but she pushed it away and tried to fill her mind with positive thoughts.

Ⓐ

Henry knew it was a risky move, a very very risky one but he couldn't let his daughter go through all this. He couldn't back down without a fight, evelyn's future was at stake. He was willing to go any heights to protect her even if he has to sacrifice his life someday.

Ⓓ

Evelyn didn't realize when her eyes closed and she fell asleep. She jolt awake when the car suddenly stopped with a jerk.

Ⓓ

She rubbed her eyes, her gaze fell on the driver who was sweating profoundly while looking ahead. Evelyn felt henry's hold getting tight on her which made her look at him. Henry was also staring ahead, he gulped in fear.

Ⓓ

Evelyn followed his gaze and looked ahead. She did a double take and her breathe hitched.

Two cars were blocking their way and she didn't failed to recognize the one car specifically.

Ⓐ

That car belonged to their doom.

Ⓐ

That car belonged to the storms.

Ⓐ

Ⓓ

-----

"What is it jack" asked ace.

"Sir Mr. Winters is trying to leave the country with mam" jack replied. "WHAT" ace shouted and stood up from his chair. Noah and elijah also stood up. They sensed something was up.

Ⓐ

Ace's hand clenched around the phone he smashed it on the wall. He was shaking with anger.

Ⓓ

"Henry and evelyn are trying to leave the country" he said gritting his teeth. Elijah and noah's eyes widened "that bitch" elijah sneered.

Ⓐ

Noah's jaw clenched "that little brat wants to run away from us" noah said with a dark voice.

Ⓐ

Ace called jack "sir" came jack's voice.

"What are they doing right now" asked ace.

"Sir they are about to leave for the airport, do you want us to stop them" he asked.

"No. Let them enjoy their freedom until we arrivè he said smiling. "Yes sir" jack replied.

Ⓓ

"Lets go brothers, our fiance needs to learn a lesson" said elijah placing his gun in his waistband.

Ⓓ

They were angry, oh they were beyond angry.

Ⓐ

-----

Evelyn started to breathe heavily, her body started to shake. "Drive back!" Dad ordered to the driver. "S-Sir t-they surrounded u-us, we can't g-go back" the driver stuttered in fear.

Ⓓ

The other car in which henry's guards were present stepped in between their and storms car. Guards sprinted out holding their guns.

BANG!

A shot went o , evelyn screamed in fear, henry's eyes widened in horror. Out of nowhere someone shot henry's driver right in between his eyes.

Ⓓ

"Evie quick" henry said and tried to pry evelyn out of the car with him. She was in complete shock.

Henry's guards were still confused that from where the shot got fired. "Sir get behind us" said one of the guards, henry pulled evelyn close to him and got behind the guards for protection.

Ⓓ

Suddenly the doors of one of the cars opened.

Chase, jack and samuel came out. Evelyn was sobbing in henry's chest, he had a little bit of hope that they will be able to take down the storms men since he had many guards while they were only three.

But all his hopes were shattered.

Ⓓ

Henry's guards attacked on them, sounds of gunshots, bone snapping echoed in air. Jack tackled them one by one while chase shot them and samuel snapped their necks.

Ⓐ

There was no doubt now that why they were storms personal bodyguards. They were trained killing machines.

Ⓓ

Henry was scared really scared, not for himself but for his daughter. The three bodyguards didn't approached the father and daughter instead they went back inside the car.

Ⓓ

Henry frowned but suddenly one of the storms men who were behind their car came out and held henry tightly.

"Dad!" cried evelyn but the guard held him tightly. "Leave him" she cried hitting that man with her small fists. That guy didn't dared to touch her, those were the strict orders from storms.

Ⓓ

Evelyn didn't realized when her worst nightmares came out of their car.

She heard multiple footsteps and hurriedly turned around, her eyes widened when she saw the three devils walking towards her.

Ⓐ

She started to back up but noah took long strides and grabbed her roughly by her hair. "Ahhhh" she cried "evie" henry tried to break free from that guards hold.

Storms were ready to explode any second, noah dragged her by her hair towards their car while ace and elijah walked beside him.

They reached their car and released her hair but before she could say anything elijah grabbed her by her throat "you gonna pay for this you little whore" he sneered.

Ⓐ

Evelyn didn't knew the meaning of the word elijah said but still she was crying hysterically. "L-Leave me" she cried. "LEAVE HER YOU FUCKING BASTARDS" henry shouted.

Ⓐ

The trio looked at him angrily "I'm going to kill him" said ace, evelyn's eyes widened, she started struggling against their hold and somehow got free.

Ⓓ

She got away from them, she hated this, she hated seeing her father in this situation because of her. She started to shout "I HATE YOU I HATE ALL OF YOU. YOU'RE MONSTERS, NO ONE CAN EVER LOVE!"

BANG!

Ⓓ

Smoke came out of ace's gun from which he fired the shot. Evelyn's eyes widened, her face turned pale.

Ⓓ

Sound of the gunshot echoed in the air telling the story that what happens when someone wants something and didn't get it.
