

32. A ection

Evelyn fiddled with her fingers, it was her last period. And a er that she was going to face the storms. She bounced her leg up and down in nervousness.

Melissa was dozing o in boredom while brendon was taking notes. Kyle was nowhere insight, evelyn thought about asking brendon about kyle's behavior but didn't got the time.

School's bell rang making evelyn jump a little.

Evelyn parted her ways with melissa and brendon, and walked out of the school. Her phone vibrated signalling that she got a message, it was ace.

We're waiting for you in the parking lot bab♥

Evelyn took a deep breathe 'I got this, i just have to convince them somehow so they can let me go to the prom with kyle', she thought.

You were a good girl evelyn, you'll be dearly missedher subconscious suddenly said. 'What are you saying' asked evelyn confused. Oh nothing honey, just preparing a speech for your funeral, her inner voice mocked her.

'What!' she asked. You seriously think that you'll ask those devils, that please can i go to the prom with ANOTHER GUY. They will practically kill you right there and therher subconscious replied.

'You're scaring me', replied evelyn. I'm just telling you factsher subconscious replied.

'Um if I'll talk to them nicely maybe they would let me go' evelyn said. Well, I've a even better idea, flirt with thepher subconscious said which made evelyn's eyes go wide.

"NO NEVER" evelyn shouted and didn't realized she said that out loud, people around her looked at her weirdly. "S-Sorry" she said looking at them.

'I'm not going to do that' evelyn said. Choice is yourspher subconscious said.

Evelyn reached the parking lot and from afar she noticed their car.

The storms spotted evelyn's small figure coming towards them, they smiled brightly and got out of their car.

Evelyn didn't even get the chance to react as the storms engulfed her in a bear hug. They inhaled her sweet scent. A er some time they pulled away.

"How're you kitten" ace asked, "i'm good, thank you" she said while biting her lower lip. "Now puppy what did we said about biting your lip" said elijah placing a finger on her lower lip.

Evelyn cheeks turned red. The trio chuckled. "Um actua-" noah raised a finger telling her to stop "lets get in the car first" noah said and evelyn nodded obediently.

They settled inside while their driver start to drive. Ace and elijah were practically squishing her in between them while noah sat in front facing them, he intertwined his fingers with hers.

A small smile formed on the brother's faces when they saw their ring on her finger.

Elijah and ace were resting their heads on her shoulders, being around evelyn always gave them comfort.

Evelyn took a small breath, she cleared her throat gaining their attention "little one, you wanted to talk about something" noah asked, evelyn nodded "a-actually" come on, you got this

"Um i-i wante-d-erm lovely weather isn't it" evelyn said smiling nervously. Her subconscious face palmed itself. Storms raised an eyebrow.

"You're nervous babygirl" ace whispered in her ear making evelyn shiver.

"What is it puppy" elijah asked sternly

"I want to go to the prom" she said suddenly.

The trio chuckled "of course you're going to the prom kitten" said ace with a smile. Evelyn gulped "um no i mean i-i'm not going alone" evelyn closed her eyes tightly "can i go with kyle" she said and kept her eyes shut in fear.

Noah's hold on her hand tightened, evelyn whimpered in pain. Elijah wrapped his hands around her throat "bold of you to think that we gonna let you go with some pathetic low life" elijah growled making evelyn cowered in fear.

I warned youher subconscious said. 'What do i do', evelyn asked. Her throat was hurting from elijah's tight hold.

Be smart, if you don't want to die then use their 'love' in your benefit. Show some ection to them, i know its going to be hard for you but this is the only way you can get out of this situatioher subconscious said. Evelyn realized that it was really the only way to get out of this mess.

She placed her small hand on elijah's bigger one, which was holding her throat. She gently started to rub her fingers over his hand "i didn't meant to make you angry" she said so ly.

Elijah stared at her, he found himself melting at her innocence, the gentleness of her fingers made him release his grip on her throat.

Noah and ace turned evelyn around and made her face them. She stared at their eyes, evelyn's palms were sweating, this was maybe the longest she held an eye contact with them. "I'm sorry, i didn't meant to hurt your feelings" she said still holding ace and noah's gazes.

Ace's heart fluttered, the way evelyn was looking at him it made him almost blush. He was shocked but the so ness evelyn's eyes were holding was enough to make him calm.

Noah was a little suspicious of her behaviour but he too felt his anger fade away looking at those silver orbs.

The storms never admitted it in front of evelyn but her hate towards them always made them feel hurt.

Noah's tatted hands cupped evelyn's face and to his surprise she didn't trembled in fear or flinched.

He smiled looking at her "we love you babygirl and we can't see you with someone else even if its only about a stupid prom night. You'll not go with him" noah said as calmly as possible.

Evelyn's face fell. She felt anger and sadness surging inside her, when she used to get homeschooled she always thought about living a normal teenager life. She wanted to experience that life. Hanging out with friends, a carefree mind, attending the prom, falling in love, getting graduate.

But now evelyn felt all her dreams shattering. A pained expression crossed her face.

Storms felt bad really bad. Ace realized that this was the first time his kitten asked for something and they denied her. Elijah was having a inner battle. Noah felt his heart ache seeing her like this.

The trio looked at each other, they all had a pained expression on their faces.

"Ok" they said in unison, evelyn looked at them confused "huh" she asked. The storms smiled "you can go to the prom puppy" said elijah. Evelyn was shocked but then a big smile formed on her face. She jumped in elijah's arms and hugged him tightly "thank you thank you" she said.

Elijah's mouth was wide open in shock, ace and noah's expressions were mirroring his.

He smiled and wrapped his arms around her small waist, warmth spread around his body.

Evelyn realized what she did in her excitement, she tried to pull away but elijah kept a tight hold on her. But she didn't dared to struggle.

You need to be in their good side.

Finally he pulled away, she mentally sighed but soon ace and noah pulled her in a tight hug. She gulped and slowly hugged them back which made both the brothers smile.

"You're being really obedient today" ace said "y-yeah I'm trying to you know give um all this a chance" she said while pointing at the trio and herself.

"Really" noah asked in shock as well as happiness. Elijah and ace were also beyond happy. "Are you serious kitten" asked ace "yeah" evelyn said while playing with her fingers. "You don't know how happy we're babygirl, you won't gonna regret your decision. We promise" elijah said with a smile.

Evelyn looked at their smiling faces and nodded.

The brother's car stopped in front of evelyn's house. "Thank you for dropping me" evelyn said "no need to thank us baby" said noah while caressing her cheek.

"Evelyn we said that you can go with that boy but we're going to drop you as well as pick you up on the prom night" ace said sternly. "B-Bu-" "evelyn" elijah said with a low growl. "Okay" she said submissively. "Good girl" ace said and patted her head.

"Bye" evelyn said and tried to open the car door so she could leave but it didn't opened. She looked back at the storms, they had a smirk on their faces. Her cheeks turned red when she realized what they wanted.

She placed so kisses on the trio's cheeks and they returned the gesture or more like tortured her by applying multiple kisses everywhere on her face.

Evelyn heard a 'click' sound, the car door opened "bye bye" she said and waved her hand. Storms chuckled and waved too.

Evelyn

When their car was out of sight i released a long breathe which i didn't knew i was holding. "Gosh! I was so scared" i whispered to my self. But the idea workedmy subconscious said happily 'yeah it did' i replied.

I walked inside my house and entered my bedroom. With a sigh i laid on my bed and stared at the ceiling.

My mind wondered around the storms. They didn't harmed me today but only because i didn't argued with them or anything.

"Why do some people feel the need to do bad things?" i asked myself. Some questions have no answerher inner voice replied.

I sighed and tried to shake those thoughts o .

My phone vibrated, it was melissa's message. She sent me a screenshot of a hairstyle, she was talking about in class. "She is really excited for the prom" i said with a chuckle 'its going to be fun' i thought.

Nothing bad will happen.

Right?
