

55. Broken

Elijah stared at evelyn who passed out from the exhaustion. They were still laying on the sand, elijah's tatted body was engulfing her naked ones.

He slowly got up and made her wear his shirt. Elijah picked her up bridal style and started to make his way back.

Ace was sitting on the couch watching the tv, noah was also sitting there but both of their minds were fixed on evelyn. They knew she was with elijah but they were missing her. It was impossible for the trio to stay away from her even for a minute.

Sound of footstep came and their heads turned towards it. Ace and noah smiled but it soon fell when they saw elijah carrying evelyn. "What happened" noah asked panicked. Ace went towards her. "Relax, she just got tired" elijah said smirking. Noah and ace smiled knowing what he meant.

"I'll put her to bed" said ace, he gently took her sleeping figure from elijah and headed upstairs.

Ace laid her on the bed and put the covers over. "Love you" he whispered and kissed her forehead. He le the room.

It was around late noon when evelyn woke up. She rubbed her eyes and tried to get up but hissed. Her body was sore. She somehow sat up on the bed and placed her head on the head board.

She stared out of the window but in middle of that a tear escaped from her eyes, she wiped it away. The door opened and noah entered. He smiled and came towards her.

"You were sleeping for quite while baby, you must be hungry" he said caressing her cheek. She nodded quietly. Noah smiled.

"Are you sore sweetheart" he asked looking at her pained expression, she hummed in response.

He handed her advil and filled her a glass of water, evelyn took it. Noah li ed his hand to caress her face but she looked away. He raised an eyebrow but didn't said anything. "Come lets eat. Ace and elijah are waiting for you" he said but she kept staring down.

Evelyn slowly nodded and removed the covers. She got up somehow, noah tried to hold her hand but she just walked ahead. He was confused and started to catch up with her.

Noah and evelyn went downstairs. Elijah and ace were placing the plates on the table. They saw evelyn coming and smiled. Ace went towards her and gave her a bear hug.

Evelyn's face remained emotionless, when ace broke the hug she didn't said anything and went towards the dining table and quietly sat on the chair. She stared at nothing. Ace and elijah frowned and looked at noah who was also clueless.

Elijah cleared his throat "we made spaghetti for you puppy" he chirped. "Hm" that was her only reply.

They all settled down, noah served evelyn her food. She slowly picked up a fork and started to eat. The trio kept exchanging concern glances, they tried to start a small talk with her but all they got were nods and hms from her.

Evelyn hardly ate anything. "You want anything else baby" ace said. She shake her head and got up from the chair, she picked up her plate and went towards the kitchen.

Ace and elijah stared at her direction, noah was also looking at her but then he realized something. Evelyn didn't prayed before her meal and this was something she never forgets. Minute by minute the brothers were getting more worried.

As soon as evelyn came out of the kitchen elijah got up and went towards her. He cupped her face "what happened baby, are you okay" he asked, his voice laced with worry. Evelyn stared at him and smiled widely "Of course I'm fine, everything is fine" she said.

Noah and ace also stood beside her "evelyn whats wrong" noah asked so ly. She just stared at him "everything is fine" she repeated with an emotionless vioce. "Why are you all asking me this again and again, oh let me guess. You want to fuck me again" she said with a grin.

Ace's eyes widened a er listening her, elijah and noah just stared at her in shock.

She looked at them and tilted her head slightly "what? You don't want that or you got bored of me" she said with a pout. Ace held her arm and made her look at him "whats wrong with you evelyn, why are you saying like this" he sneered angrily.

Evelyn smiled bitterly "why are you getting angry, a erall thats why you wanted to marry me" she said as tears started to form in her eyes but still that smile didn't le from her face. Storms just stared at her.

"Little one" noah called her so ly, he wanted to understand what was going on in her mind.

"Baby tell me what happened" noah said and tried to hug her. Evelyn pushed him away. "You want to know what happened" she whispered and looked up at them "you happened, YOU AND YOUR BROTHERS HAPPENED IN MY LIFE" she shouted. "You forced me in this mess which you three call marriage and now all you are doing is using my body" she snarled. Their jaws clenched.

"Evelyn stop it" elijah said in a dangerously calm voice.

She gritted her teeth "No! You stop it. You stop acting like you care for me, stop acting like you love me. You three just want to use me" her voice started to break. Evelyn knew they were going to be really angry on her but she didn't cared.

"Evelyn" ace growled.

"What else do you want from me next, tell me" she asked smiling "evelyn" noah warned her.

"Oh i know, you will make me sleep with your other clients for your profit, right? Thats what you're-" she got cut o .

Her small body landed on the floor with a thud, noah gave her a tight slap. He breathed heavily in anger. Ace and elijah balled their fists.

Evelyn removed her silver hair from her face and turned towards them. Storm's eyes so ened, the side of her lip was bleeding. Noah opened his mouth to apologize but evelyn started to chuckle.

She wiped away the tears from her face and smiled at them. She touched her busted lips and then looked at noah "you can hit again if you want" she said so ly.

"Evelyn please stop this, talk to me baby" noah said.

"Remember you told me that you three killed your own parents" she said mockingly. The brothers eyes darkened at this. Evelyn's sanity denied her to say the next words but she was on the edge.

"I'm glad you killed them. Because the psychos you three are, they probably would've wanted to die" she sneered.

"EVELYN" shouted elijah, he grabbed her throat and slammed her on the wall.

She whimpered loudly, her back was surely going to bruise. "HOW DARE YOU" he yelled.

"EXACTLY. How dare you, how dare you come in to my life and destroy it like that. HOW DARE YOU" she screamed and finally she broke down.

Elijah's grip loosened and she fell on the floor. Evelyn cried and cried. She felt worthless.

Storms just stared. Her each word stabbing their cold hearts.

She slowly got up, the brothers were looking down. So many things going inside their heads that they didn't noticed her walking towards the kitchen.

She looked here and there in desperation. She wanted to get away from all this, she wanted to be free. Her gaze fell on the knife. Last time she backed out but not today.

Evelyn picked up that sharp knife.

Noah looked up and saw evelyn gone. Ace and elijah were still processing all this. Noah heard some noise from kitchen and he went there.

"EVELYN"

Came noah's scream. Ace flinched, him and elijah dashed towards kitchen.

Elijah's eyes widened. Blood was flowing through evelyn's wrist as she was struggling in noah's hold who was trying to take the knife from her hand.

Warning - Self harm

When noah entered the kitchen, evelyn's back was towards him. He gulped a little not knowing what to say, him and his brothers knew very well that forcing her in to this marriage was wrong, really wrong but they also promised themselves that once she is theirs they will give her the world.

They never wanted to make her feel that they were using her. Whenever they looked at evelyn they used to loose all their control on themselves.

Yes they used to get intimate with her alot and noah tried to stop himself multiple times knowing that she'll be sore but it was as if her presence casted a spell on him.

Noah took a small breathe and opened his mouth to call her name but then evelyn turned towards him. His eyes widened seeing the knife in her hand which was resting on her wrist.

"Evelyn, baby what're you doing. Put that thing away" noah cooed, he tried to keep his mind calm but he could feel his heart racing aginst his chest. Evelyn looked up at him.

She stared dead in his eyes and i from one swi motion slit her wrist.

"EVELYN"

Multiple drops of blood fell on the floor from her wrist.

Noah ran towards her, evelyn realized that the cut she made wasn't deep. She again positioned the knife on her wrist when noah started to snatch it away.

"Leave me" she cried, noah clutched her from behind.

Ace and elijah came running "what the" elijah mumbled. They raced towards her and helped noah. Ace snatched the knife away from her and threw it on the floor. Naoh and elijah held her tight.

"LEAVE ME" she shouted and started to hit elijah's chest.

"Stop it evelyn" noah growled. Ace hurriedly got the first aid kit. Tears flowed from evelyn's eyes in frustration, her legs gave up. Elijah held her tightly, she sobbed loudly.

His eyes filled with regret as he saw her condition. The girl who was so full of life was now in 'this' condition, she looked brokerand it was all because of them.

Ace opened the kit, his hands shaking as he picked up the cotton. His eyes turned watery, noah took the cotton and kit from ace knowing he wouldn't be able to do it. He dabbed it on evelyn's wrist.

Noah bit his lower lip hard. He refused to cry, the only time he cried was when they...

He shook his head, now wasn't the time to think about the past. He patted up her wrist and sighed in relief.

He examined her body looking for any other injury. He looked up and saw ace and elijah hugging evelyn tightly. Evelyn's eyes were slowly closing.

"Take her to bed" said noah, elijah nodded. He carefully picked her up. Ace stared at the drops of evelyn's blood which was on the floor.

Seeing blood flowing out of other peoples body always satisfied the brothers but today ace felt sick to his stomach.

Noah placed a hand on his shoulder "we made her do this" ace said still looking at the blood

"Theywere right brother, we don't deserve to be loved, we don't" he mumbled. Noah's body stilled at the mention of them
